GS Equipment, Inc Purchase Proposal
Bid Award 11-19-0907, the Florida Sheriffs Association

Attached please find the Purchase Proposal from Bid Award 11-19-0907 with GS Equipment, Incorporated for the purchase of an all terrain walking excavator, more specifically a Kaiser Model S2 Gator 4x4 Walking Excavator. The Purchase Proposal includes a standard 1 year/1000 hour warranty, 2 days of operator and mechanic training and 2 sets of manuals for a total cost of $355,437.00.

This additional excavator will be added to the existing fleet allowing the Engineering Department to thoroughly assess the true life cycle and associated maintenance costs of the machine; as well as evaluate the impacts that a fourth machine will have to the overall drainage right-of-way program. It is the goal of the department to minimize the rotation of drainage right-of-way cleaning in the most cost efficient way possible.

Attached please find the Purchase Proposal from GS Equipment, Incorporated outlining the equipment specifications and costs.

This contract is funded by the Stormwater Utility Fund 401-4126. FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION

ALL TERRAIN WALKING EXCAVATOR SPECIFICATION #61

2012 Kaiser S2

The Kaiser S2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$314,997.00	$314,997.00	$314,997.00	$314,997.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
