RE: ST. LUCIE NORTH DRAINAGE IMPROVEMENT PROJECT
MELVIN BUSH CONSTRUCTION, INC. CONTRACT #20120008
RECOMMENATION OF AWARD

The St. Lucie North Drainage Improvement Project is being supported in part by a grant received from the Federal Emergency Management Agency (FEMA). The work includes street culvert upgrades, canal vegetation cleaning, slope repairs, water control structure improvements, a new detention pond, sidewalk replacement, and other associated work. FEMA is funding 75% of the project costs with a 25% cost match by the City of Port St. Lucie.

Bids for this project were received on February 14, 2012 with eight contractors submitting proposals. Attached, please find a bid tabulation report which summarizes the bid proposals provided. The Engineering Department has reviewed the bid documents and bid tabulation report and we recommend that Melvin Bush Construction, Inc. be awarded the St. Lucie North Drainage Improvement Project contract with a bid of \$1,817,095.91

We hereby request that this award recommendation be scheduled for the next available City Council meeting for their review and consideration. This contract is funded by Acct. No. 401-4126-534000-Y1123. If you have any questions or require additional information, please do not hesitate to contact me.

ANNIVERSARY DATE: Annually on April 30

Dear Ms. Lindsay:

The Florida Department of Transportation [FDOT] is pleased to announce that your firm is certified under the **Florida Unified Certification Program [UCP]** as a **Disadvantaged Business Enterprise [DBE]** in accordance with Part 49 Section 26, Code of Federal Regulations.

DBE certification is continuing, but is contingent upon the firm maintaining its eligibility annually through this office. You will be notified of your annual responsibilities in advance of the **Anniversary Date**. You must submit the annual **AFFIDAVIT FOR CONTINUING ELIGIBILITY** no later than the **Anniversary Date**. Failure to do so will result in immediate action to decertify the firm.

Only those firms listed in the UCP DBE Directory, are certified by Florida UCP Members. **Prime contractors and consultants should verify your firms DBE certification status, and identify the only work area(s) for which the firm is DBE eligible, through this Directory.**

Your firm will be listed in Florida's UCP DBE Directory which can be accessed via the internet, at <http://www.bipincwebapps.com/biznetflorida/> or through The Department's website at www.dot.state.fl.us/equalopportunityoffice; then select "DBE Directory."

DBE certification is **NOT** a guarantee of work, but enables the firm to compete for, and perform, contract work on all USDOT Federal Aid (FAA, FTA and FHWA)

projects in Florida is a DBE contractor, sub-contractor, consultant, sub-consultant or material supplier.

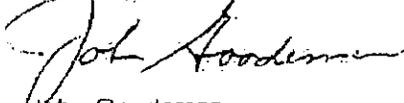

If, at any time, there is a material change in the firm, including, but not limited to, ownership, officers, Directors, scope of work being performed, daily operations, affiliations with other businesses or individuals or physical location of the firm, you must notify this office, in writing, within (30) days. Notification should include supporting documentation. You will receive timely instruction from this office as to how you should proceed, if necessary.

Your firm is eligible to compete for, and perform, work on all USDOT Federal Aid projects throughout Florida, and may earn DBE credit for work performed in the following areas:

<u>NAICS:</u>	<u>FDOT Specialty Code & Description</u>
541370	946-Land Surveying & Mapping Services
541340	947-CADD Services

Questions or concerns should be directed to this office by mail or telephone. Our telephone number is (850) 414-4747. Our Fax number is (850) 414-4879.

Sincerely,

DRUG-FREE WORKPLACE FORM

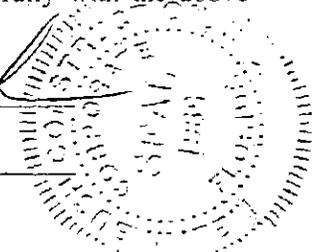

The undersigned vendor in accordance with Section 287.087, Florida Statutes hereby certifies that
Melvin Bush Construction, Inc does:
(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or Contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

BID #20120008
CERTIFICATION REGARDING LOBBYING

The undersigned Contractor certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for making lobbying contacts to an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions [as amended by "Government wide Guidance for New Restrictions on Lobbying", 61 Fed. Reg. 1413 (1/19/96): Note: Language in paragraph (2) herein has been modified in accordance with Section 10 of the Lobbying Disclosure Act of 1995 (P.L. 104-65, to be codified at 2 U.S.C. 1601, et seq.)]
- (3) The undersigned shall require that the language of this certification be included in the awards documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

[Note: Pursuant to 31 U.S.C. 1352 (1)-(2)(A), any person who makes a prohibited expenditure or fails to file or amend a required certification or disclosure form shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such expenditure or failure]

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. A 3801, et seq., apply to this certification and disclosure, if any.

**SPECIFICATIONS
BID #20120008**

St. Lucie North Drainage Basin Improvements

OVERVIEW

The City of Port St. Lucie desires to obtain quotations from qualified contractors, individuals, firms, and legal entities relative to the construction of the St. Lucie North Drainage Basin Improvements in the City of Port St. Lucie. The Contract period will be based on the approved and accepted Contractor's proposal, within 273 calendar days, without any renewal options. This project is funded partially by a FEMA grant with the City sharing in the cost.

NOTE: The City may not accept proposals from firms, that have had adversarial relationships with the City or firms that have represented entities that have had adversarial relationships with the City. This includes the firm, employees and financial or legal interests.

INTENT

It is the intent of the City to enter into a per unit fixed-price basis contract with one (1) qualified Contractor to construct the St. Lucie North Drainage Basin Improvements located in the northern central section of Port St. Lucie. The work to be performed per project specifications and Plan Sheets I through 26, Job No.: 779.1.1 as attached hereto. The unit prices shall include all labor, materials, equipment, guarantees and warranties.

1. GENERAL REQUIREMENTS

1.1 Invitation to Bid - All requirements contained in the Invitation to Bid are hereby incorporated in this specification.

1.2 Cost of Preparation of Bid - The City will not be responsible for any cost incurred by any Bidder in the preparation of his/her bid.

1.3 Examination of Drawings and Contract Documents - Bidders shall thoroughly examine these specifications and all other drawings, documents or other materials referred to herein and conduct such investigations and visits as may be necessary to thoroughly inform themselves regarding existing plant, facility, personnel and other conditions relative to compliance with this specification. No plea of ignorance by the Bidder of conditions that exist or may hereafter exist, as a result of failure or omission on the part of the Bidder to make said investigations and visits, and/or failure to fulfill in every detail the requirements of this specification and documents promulgated therein, will be accepted as a basis for varying the requirements of the City or the compensation of the Bidder(s).

1.4 Bid Price - Bidders must agree to furnish all item(s) that are awarded to them as a result of their response to this specification at the unit price(s) indicated on their respective Bid Reply Excel Spreadsheet. Bidders shall guarantee that said price(s) shall be firm, not subject to escalation, for the 90 days after bid opening period. Submittal of a bid shall be prima facie evidence of the Bidder's intent to comply with this requirement. Any bid submitted with escalation clauses shall be rejected.

1.5 Qualifications - Bidders shall have the necessary organization, experience, capital, and equipment to carry out the provisions of the Contract to the satisfaction of the City. Bidders will submit all required licenses and certifications required to perform these projects with the Bid Reply Sheet #20120008. References from five (5) existing firms to which it has provided these types of services in the past or with which it is under Contract for such services presently and the names of company representatives who may be contacted for references shall be furnished on the Reference Check Form and returned with the Bid Reply Sheet #20120008. The City of Port St. Lucie shall **NOT** be used as a reference. References are subject to verification by the City and will be utilized as part of the award process. Performance history, list of projects recently completed and in process, major equipment available for this project, and experience of the principal members of the Bidder's organization must be furnished within seven (7) days, *if requested*.

1.6 Award of Contract - The City shall take measures as deemed necessary to determine the ability of the Bidder to perform the obligations of the Contract. The City may reject any bid where an investigation of the available information indicates a Bidder is not the most qualified to perform the obligation of the Contract. The City may require a Bidder to furnish additional statements of qualifications. Award of Contract will be to the lowest responsive responsible Bidder for the bid price listed on the Bid Reply Sheet #20120008 Section 5.3. This total must agree with the amount stated in the Bid Reply Excel Spreadsheet project total for the St. Lucie North Drainage Basin Improvements project. Discrepancies that occur between the dollar amounts listed on the Bid Reply Excel Spreadsheet Schedule "A" and the dollar amount list on the Bid Response Sheet, Schedule "A" line will be resolved in favor of the Bid Reply Excel Spreadsheet. Contractor's number of calendar days needed to complete the project is to be entered on Bid Response Sheet.

- City Ordinance Section 35.12 Local Preference will not apply.

The award date is the date that City Council executes the motion to award the bid(s) regardless of the date Bidder received the notification of award. Notification of the award may be given by e-mail, facsimile, U.S. mail system, courier, or on the web site.

1.7 Variances to Specifications - Bidders must indicate any variances to the Specifications. Additionally, if bids are based on alternate products, Bidder must indicate the manufacturer's name and number of the alternate item(s) being offered and attach appropriate specifications. If variations and/or alternates are not stated in Bidder's reply, it shall be construed that the bid fully conforms to the specifications.

1.8 OSHA Compliance - Bidders must agree that the products furnished and application methods will comply with applicable provisions of the Williams-Steiger Occupational Safety and Health Act of 1970. These requirements shall include all primary and refresher training mandated under the OSHA guidelines.

1.9 Submittal of Bid - Unless otherwise provided herein, all bids shall be submitted by completing and returning the Bid Response Sheet, Bid Reply Excel Spreadsheet (Schedule "A") and any other documentation that is required by this bid. The Bid Response should be typed or printed and signed in black ink. The individual signing the bid must initial all changes. An electronic copy of the Bid Reply Sheet spreadsheet (Excel) is to accompany hard copy of bid.

1.9.2 Right to Reject -The City reserves the right to waive irregularities, reject and/or accept any and all bids, in whole or in part, to solicit and re-advertise for new bids, abandon the project in its entirety, or take other such action as serves the best interests of the City.

1.9.3 Timeliness of Submittal - All bids must be received by the Office of Management & Budget by the date and time specified above, when they will be opened and publicly read aloud. The bid time must be and shall be scrupulously observed. Under no circumstances shall bids received after the time specified be considered. It is the sole responsibility of the Bidder to ensure that his or her bid is received by the City on or before the closing date and time. The City shall in no way be responsible for delays caused by power outages or internet failures.

1.9.4 Bid Opening Extension – The City reserves the right to extend the bid opening date when no responses or only one (1) response is received. The City will return the received response unopened.

1.9.5 Checklist - Bidders are requested to return the attached Checklist that is contained in the bid package with the Bid Reply Sheet.

1.9.6 Bid Security Bond - All Contractors shall include a Bid Security Bond payable to the City of Port St. Lucie, Florida, in the amount of five percent (5%) of the total bid price. Security shall be either certified check, cashier's check, Irrevocable Letter of Credit from a solvent national or state bank, or Bid Bond issued by a Surety licensed to conduct business in the State of Florida. The Surety shall have a rating of A or A+ by "Best's Rating Guide". This Bid Bond must be submitted with all other required information in bid response.

The accepted Contractor's security will be retained until execution of the Contract. The City will retain the remaining Contractors' securities until a Contract has been executed, or until ninety (90) calendar days after the quote opening date, whichever is shorter.

1.10 Shipping Terms - Bidders shall quote F.O.B. Destination.

1.11 Payment Terms - Invoices shall be submitted once a month, by the 10th of the month and payments shall be made Net thirty - (30) days from receipt of an acceptable invoice, unless Contractor has chosen to use the Purchasing Card. Cash discounts given by the Contractor to the City for using the Purchasing Card Payment Process will be considered when evaluating bids.

PLEASE NOTE

The City has implemented a **Purchasing Card Program**. The Bidder can take advantage of this program and in consideration receive payment within several days instead of the City's policy of Net 30 Days After Receipt of Invoice (ARI). Any percentage off the bid price for the acceptance of Visa will be considered in the bid award. If no such percentage is given, the City shall assume 0% discount applies.

Bidders are requested to state on the Bid Response Sheet #20120008 if they will honor the VISA Purchasing Card. In the event of failure on the part of the Bidder to make this statement the City shall assume the purchase or Contract price shall be governed by the Net 30 ARI.

1.12 Execution of Contract or Purchase Order - The Bidder will be required to execute a Standard City Contract within ten (10) days after notification by the City that Contract is available and thereafter comply with the terms and conditions contained therein. No Contract shall be considered binding upon the City until all parties have properly executed it and a purchase order or Visa order form has been issued.

NOTE: The Bidder will be required to accept the terms and conditions of the City's Contract as provided in this proposal. Read the insurance requirements carefully. If Bidder cannot accept these terms and conditions do not submit a bid.

1.13 Failure to Execute Contract - Failure on the part of the Bidder to execute the Contract as required may be justification for the annulment of the award.

1.14 Subcontracting or Assigning of the Contract - The Bidder shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof, or of the work provided for therein, or of his right, title or interest therein, to any person, firm or corporation without the written consent of the City. Each Bidder shall list all subcontractors and the work provided by the suppliers in the area provided on the Contractor's Questionnaire form.

1.15 Time of Award - The City reserves the right to hold bid guarantees for a period not to exceed 90 days after the date of the bid opening stated in the Invitation to Bid before making award.

1.16 Public Entity Statement - A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Florida Statute, Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

1.16.1 Discrimination - An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity.

1.17 City's Public Relations Image - The Bidder's personnel shall at all times handle complaints and any public contact with due regard to the City's relationship with the public. Any personnel in the employ of the Bidder involved in the execution of work that is deemed to be conducting him/herself in an unacceptable manner shall be removed from the project at the request of the City Manager, or his/her designee.

1.18 Dress Code – All personnel in the employ of the selected Bidder(s) shall be appropriately attired. Employees engaged in the course of work shall wear company uniforms neat and clean in appearance, readily identifiable to all City employees and the public. No tee shirts with obscene pictures or writings will be allowed. Swimsuits, tank tops, shorts and sandals are also prohibited. Safety toed shoes shall be worn at all times.

1.19 Patent Fees, Royalties, and Licenses – If the Bidder requires or desires to use any design, trademark, device, material or process covered by letters of patent or copyright, the Bidder and his surety shall indemnify and hold harmless the City from any and all claims for infringement in connection with the work agreed to be performed. The Bidder shall indemnify the City from any cost, expense, royalty or damage which the City may be obligated to pay by reason of any infringement at any time during the prosecution of or after completion of the work.

1.20 Tie Bid Statement - Identical tie bids, in accordance with Section 287.087, Florida Statutes, preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids that are equal with respect to price, quality, and service are received by the City for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Please submit the form that is enclosed with your bid response.

1.21 Cooperative Purchasing Agreement - This bid may be expanded to include other governmental agencies provided a cooperative Purchasing Agreement exists or an Inter-local Agreement for joint purchasing exists between the City of Port St. Lucie and other public agencies. Bidders may agree to allow other public agencies to contract with them for the same items at the same terms and conditions as this bid, during the period of time that this bid is in effect. Each political entity will be responsible for execution of its own requirements with the Bidder.

1.22 Material Safety Data Sheets – Bidders shall provide MSDS's and description literature for each chemical/compound/mixture used in the performance of the Contract to the City before the commencement of any work. All MSDS's shall be of the latest version and comply with 29 CFR 1910.1200. Hazardous products shall not be used except with prior approval of the City, and must be disposed of properly by the bidder in accordance with U.S. Environmental Protection Agency 40-CFR 260-265. The Bidder shall maintain and have readily accessible on-site a complete MSDS book of all chemicals, compounds/mixtures used in the execution of the contract.

1.23 Personal Protective Equipment (PPE) - All personnel are required to wear PPE in the process of the work including eye protection, hearing protection, respiratory protection as necessary, gloves, approved safety boots with steel or composite toes, reflective vests and any other PPE as necessary for the work.

1.24 Permits – The Bidder shall be responsible for obtaining all permits, licenses, certifications, etc., required by federal, state, county, and municipal laws, regulations codes, and ordinances for the performance of the work required in these specifications and to conform to the requirements of said legislation.

1.24.1 The selected Bidder shall be required to complete a **W-9 Taxpayer Identification Form** provided with the City's contract and return it with the contract and insurance documents.

1.25 Familiarity with Laws – The Bidder is assumed to be familiar with all federal, state and local laws, ordinances, rules and regulations that may affect the work. Ignorance on the part of the Bidder will in no way relieve him from responsibility. Bidder will submit all proposals in compliance with the 28 C.F.R. §35.151.

1.26 Damage to Property – The Bidder shall preserve from damage all property along the line of work, or which is in the vicinity of or is in any way affected by the work, the removal, or destruction of which is not called for by the plans. This applies to public and private property, public and private utilities, trees, shrubs, crops, signs, monuments, fences, guardrail, pipe and underground structures, public highways, etc. Whenever such property is damaged due to the activities of the Bidder, it shall be immediately restored to a condition equal to or better than existing before such damage or injury was done by the Bidder, and at the Bidder's expense. The Bidder's special attention is directed to protection of any geodetic monument, horizontal, vertical or property corner, located within the limits of construction.

National Geodetic Vertical Datum 1929 (NGVD '29) or North American Vertical Datum 1988 (NAVD '88) monuments shall be protected. If in danger of damage, notify:

Geodetic Information Center
6001 Executive Boulevard
Rockville, MD 20852
Attn: Mark Maintenance Center
(301) 443-8319

City of Port St. Lucie vertical or horizontal datum shall also be protected. In case of damage or if relocation is needed, notify:

City of Port St. Lucie
Engineering Department
121 SW Port St. Lucie Boulevard
Port St. Lucie, FL 34984-5099
(772) 871-5175

2. SPECIAL REQUIREMENTS

2.1 Implied Warranty of Merchantability - It is understood that the implied warranty of merchantability and fitness for the specified purpose are not disclaimed notwithstanding any representation to the contrary.

2.2 Warranty and Guarantee - All materials must be warranted by the Bidder(s) to be free of defects in workmanship and material for a period of not less than 365 days; said period to commence upon the date materials are installed, or accepted by the City, whichever last occurs.

2.2.1 Repair or Replacement - Should any defect appear during this period, the Bidder(s) shall, at their expense, have repaired or replaced such item upon receipt of written notice from the City of said defect. Said repair or replacement must be accomplished within 7 days after receipt of notification from the City of the defect.

2.3 Samples - Samples of items, when required, must be furnished free of expense and, if not destroyed, will upon request, be returned at the Bidder's expense. Request for the return of samples must be made within 30 days following opening of bids. Each individual sample must be

labeled with Bidder's name, bid number, and item number. Failure of Bidder to either deliver required samples or to clearly identify samples as indicated may be reason for rejection of the bid. Unless otherwise indicated, samples should be delivered to the Office of Management and Budget, or designed site.

2.4 Safety Precautions - The Bidder shall erect and maintain all necessary safeguards for the protection of the Bidder's employees and subcontractors, City personnel, and the general public; including, but not limited to, posting danger signs, and other warnings against hazards as is prudent and/or required by law to protect the public interest. All damage, injury or loss to persons and/or property caused, directly or indirectly, in whole or in part, by the Bidder's employees, or subcontractor(s), or anyone directly or indirectly employed by said parties shall be remedied by the Bidder.

2.5 Discrepancies - If, in the course of performing work resulting from an award under this specification, the Bidder finds any discrepancy between the area defined in these specifications and the actual area where work is being performed, the Bidder shall discontinue work on the subject area and inform the Contract Supervisor of the discrepancy. The Bidder shall thereafter proceed as authorized by the Contract Supervisor who will document any modification to these specifications that he authorized in writing as soon as possible.

2.6 Suspension of Work - The City may at any time suspend work on the entire job or any part thereof by giving three (3) calendar days written notice, signed by the Contract Supervisor, to the Bidder. The Bidder shall resume the work within three (3) calendar days after a written notice to resume work, signed by the Contract Supervisor, is issued to the Bidder.

2.7 Emergencies - In the event of emergencies affecting the safety of persons, the work, or property, at the site or adjacent thereto, the Bidder, or his designee, without special instruction or authorization from the City, is obligated to act, at his discretion, to prevent threatened damage, injury or loss. In the event such actions are taken, the Bidder shall promptly give to the Contract Supervisor written notice of any significant changes in work or deviations from the Contract documents caused thereby, and if such action is deemed appropriate by the Contract Supervisor a written authorization signed by the Contract Supervisor covering the approved changes and deviations will be issued. Appropriate compensation adjustments will be approved, provided the cause of the emergency was beyond the control of the Bidder.

2.8 Deductions - In the event the City deems it expedient to perform work which has not been done by the Bidder as required by these Specifications, or to correct work which has been improperly and/or inadequately performed by the Bidder as required in these Specifications, all expenses thus incurred by the City, at the City's option, will be invoiced to the Bidder and/or deducted from payments due to the Bidder.

Deductions thus made will not excuse the Bidder from other penalties and conditions contained in the Contract.

3. SPECIFIC REQUIREMENTS

3.1 Pre-Bid Conference - A pre-bid conference for all Bidders will be held at the City of Port St. Lucie in the Office of Management and Budget, Ste. 390, Bldg. A, City Complex at **10:00 a.m. on January 17, 2012**, at this time, the specifications and other bidding documents will be explained, and questions regarding the project will be discussed. This is not a mandatory meeting.

3.2 Interpretation of the Approximate Quantities - The Bidder's attention is called to the fact that any estimate of quantities of work to be done and materials to be furnished under the specifications as shown on the proposed form, or elsewhere, is approximate only and not guaranteed. The City does not assume any responsibility that the final quantities shall remain in strict accordance with the estimated quantities, nor shall the Bidder plead misunderstanding or deception because of such estimate of quantities or of the character, location of the work, or other condition pertaining thereto.

3.3 Scope of Work - This project involves drainage improvements to the C-104, C-105, C-106, C-107, C-108 canals and associated tributaries. Upgrades include, but not limited to, cross-street pipe replacements, associated drainage structure replacement, clearing and grubbing of canal slopes, restoration and sodding of slopes, nuisance and exotic vegetation removal, building of a storm water treatment pond, placement of articulated concrete mats and rip-rap, water control structure upgrades, canal cleaning and sidewalk installation. All work will be performed in accordance with NPDES, SFWMD, FDOT, and City of Port St. Lucie standards and criteria. The Contract period will be 273 calendar days with no option for renewal.

3.4 Hours of Service - The standard hours of work allowed in the City of Port St. Lucie's right-of-way are from 7:00 a.m. to sundown Monday through Friday. Any work performed by the Contractor outside of the aforementioned time limit requires special authorization by the City and requires that the Contractor obtain a noise permit from the City Police Department. All equipment operated at night shall comply with the noise levels established by the City of Port St. Lucie noise ordinance. Any additional costs associated with work outside of the hours of work allowed shall be borne by the Contractor. This shall include, but not be limited to costs of inspection, testing, police assistance, and construction administration.

All night, Saturday, Sunday, and/or Holiday work must be authorized by the City and requires that the Contractor obtain a noise permit from the City Police Department. All night work within the City's right-of-way requires a minimum 48-hour prior notice to the City. This clause shall not pertain to crews organized to perform maintenance work on equipment or to operate and maintain special equipment such as dewatering pumps, which may be required to work 24 hours per day.

3.5 Davis-Bacon Act - The following General Decision, or latest decision, will apply.

General Decision Number: FL100278 11/18/2011 FL278

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7).

Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION

4. BID, PERFORMANCE AND PAYMENT BOND REQUIREMENTS

4.1 Proposal Guaranty (Bid Bond) - A Bid Bond, certified check, cashiers check, bank money order, bank draft on any national or state bank, or cash, in the amount of five percent (5%) of the total bid price made payable to the "City of Port St. Lucie", shall accompany each proposal as a guarantee that the Bidder will execute the required Contract and promptly deliver the required Insurance Certificates, and other documentation required by these Specifications. Bid Bonds must be executed by a fully authorized Surety licensed by the State of Florida. The failure on the part of the Bidder to comply with this requirement and send the original Bid Bond in immediately after the opening will be cause for the rejection of the bid.

4.2 Return of Proposal Guaranty - After the bids have been reviewed, the Purchasing Agent may, at his/her discretion, return the guaranty deposit accompanying such proposals as in his/her judgment would not likely be considered in making the award. All other proposal guaranties will be held until the Contract has been executed, after which the proposal guaranty will be returned to the respective Bidder's whose proposals they accompanied.

4.3 Payment & Performance Bonds - The selected Bidder shall furnish an acceptable Performance and Payment Bond complying with the statutory requirements set forth in Section 255.05, Florida Statutes, in the amount of 100% of the Contract price. The City will execute the Contract, however it is agreed and understood that the City will not be bound unless and until it has been duly authorized by the City Council and has been executed by the City Manager. A fully authorized Surety, licensed by the State of Florida shall execute the Performance and Payment

Bond. The Performance and Payment Bond shall remain in full force a minimum of one (1) year after the work required has been completed and final acceptance by the City.

Should the Surety become irresponsible during the time the Contract is in force, the City may require additional and sufficient sureties and the selected Bidder shall furnish same to the satisfaction of the City within ten (10) days after written notice to do so. In default thereof, the Contract may be suspended. The City, by and through its Risk Management Department, reserves the right, but not the obligation, to review and reject any insurer providing coverage.

The failure on the part of the selected Bidder to execute the Contract and/or punctually deliver the required Insurance Certificates and other documentation may be cause for the annulment of the award.

4.4 Execution of Contract - After the recipient of an award has been determined and necessary approvals for the contract award are obtained, the City will prepare a formal Contract to be executed by the parties. The Contract will be in substance the same as the Contract given to the Bidder with these Specifications. The Bidder shall execute the Contract, deliver the required Insurance Certificates and policies, and other documentation, and furnish an acceptable Performance and Payment Bond (when required) complying with the statutory requirements set forth in Section 255.05, Florida Statutes, in the amount of 100% of the Contract price, when required. The City will execute the Contract, however, it is agreed and understood that the City will not be bound by the Contract unless and until it has been duly authorized by the City Council and has been executed by the City Manager and a purchase order or Visa order form has been issued.

4.5 Failure to Execute - The failure on the part of the Bidder to execute the Contract and/or punctually deliver the required Insurance Certificates and other documentation may be cause for the annulment of the award. In the event of the annulment of the award, the amount of guaranty deposited with the proposal will be retained or be paid upon demand to the City, not as a forfeiture, but rather as liquidated damages for the breach of the Contract, it being agreed to by each Bidder in advance that the City will sustain certain damages by reason of the failure of the Bidder to sign the Contract and/or deliver the required Insurance Certificates and other documentation and that such damages equal the amount of the bid security, or exceed the same, and in no event shall the Bidder thereafter be permitted to contest to the contrary and does waive such right upon submitting a bid.

5. INSURANCE REQUIREMENTS - Bidder(s) are required to submit a copy of their current insurance certificates with the Bid Reply Sheet. The Bidder shall maintain insurance coverage reflecting the minimum amounts and conditions as required by the City. **Insurance requirements are defined in the City's Contract Form.**

5.1 Indemnification - The Bidder shall indemnify and hold harmless the City, and its Officers and their employees, from liabilities, damages, losses, and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Bidder and all persons employed or utilized by the Bidder in the performance of the Contract. As consideration for this indemnity provision the Bidder shall be paid the sum of \$10.00 (ten dollars), which will be added to the Contract price and paid prior to commencement of work.

5.2 Right to Review - The City by and through its Risk Management Department reserves the right, but not the obligation, to review and reject any insurer providing coverage.

6. ADDITIONAL INFORMATION

6.1 Brand Names - The use of any manufacturer's name, trade name, brand name, or catalog number in this specification is for the sole purpose of describing and establishing the minimum requirements for levels of quality, standards of performance and design required, and is in no way intended to prohibit the bidding of any other manufacturer's items of equal quality. The Bidder or his/her designee shall be the sole judge of the equality of alternate products proposed and his/her decision shall be final.

6.2 Collusion - The City reserves the right to disqualify bids, upon evidence of collusion with intent to defraud or other illegal practices upon the part of the Bidder. More than one (1) bid from an individual, partnership, corporation, association, firm, or other legal entity under the same or different names will not be considered. Reasonable grounds for believing that a Bidder is interested in more than one (1) proposal for the same work will be cause for rejection of all proposals in which such Bidders are believed to be interested. Any or all proposals will be rejected if there is any reason to believe that collusion exists among the Bidders.

6.3 Withdrawal of Bids - A Bidder may withdraw his bid without prejudice no later than the day and hour set in the "Invitation to Bid" by communicating his purpose in writing to the City at the address given in the "Invitation for Bid". When received, it will be returned to him unopened.

6.4 Bid Information - For information concerning procedures for responding to this bid, contact Barbara Moquin at (772) 871-5224; 772-871-7337 Fax, barbam@cityofpsl.com. Such contact is to be for clarification purposes only. To ensure fair consideration for all Bidders, it must be clearly understood that Barbara Moquin is the only individual who is authorized to represent the City until recommendation of contract award. Questions submitted to any other person in any other department during the bidding process will not be addressed. Additionally, the City prohibits communications initiated by a Bidder to **any** City Official or employee evaluating or considering the bids (**up to and including the Mayor and City Council**), prior to the time an award decision has been made.

It is the responsibility of the Bidder to receive any and all bid information and documents. Material changes, if any, to the scope of services, or bidding procedures will be transmitted only by addendum by DemandStar by Onvia.com. The Bidder, in turn, shall acknowledge receipt of the addendum by marking the Bid Reply Sheet with the Addendum number and the date of issuance. The City will not be responsible for any interpretation, other than those transmitted by Addendum to the bid, made or given prior to the bid award. The Bidder is responsible for verifying they have received all Bid Addenda.

If you have obtained this document from a source other than directly from the City or from DemandStar by Onvia.com you are not on record as a plan holder. The Office of Management & Budget takes no responsibility to provide Addenda to parties not listed by the City as plan holders. It is the Bidder's responsibility to check with our office prior to submitting your proposal to ensure you have a complete, up-to-date package. The Bidder is responsible for verifying they have received all Bid Addenda.

This CONTRACT, executed this _____ day of _____, 2012, by and between the CITY OF PORT ST. LUCIE, FLORIDA, a municipal corporation, duly organized under the laws of the State of Florida, hereinafter called "City" party of the first part, and *name of Contractor, address, Telephone No. () _____ Fax No. () _____*, hereinafter called "Contractor", party of the second part.

RECITALS

In consideration of the below agreements and covenants set forth herein, the parties agree as follows:

CONTRACT SUPERVISOR

As used herein the Contract Supervisor shall mean: James Angstadt, P.E., Engineering Department (772) 344-4239, or his designee
As used herein the Engineer of Record shall mean: Mr. Joseph W. Capra, P.E., Captec Engineering (772) 692-4344, or his designee.

**SECTION I
DESCRIPTION OF SERVICES TO BE PROVIDED**

The specific work that the Contractor has agreed to perform pursuant to the Bid Specifications #20120008, all Addenda, Technical Specifications, Attachments, and Construction Plans prepared by Captec Engineering, Inc. dated 9/9/2011 consisting of Sheets 1-26 for the construction of the **St. Lucie North Drainage Basin Improvements** are hereby incorporated by this reference.

**SECTION II
TIME OF PERFORMANCE**

Contract period shall commence _____ TBD _____ and terminate _____ TBD _____ calendar days thereafter on _____ TBD _____, 2012. In the event all work required in the bid specifications has not been completed by the specified date, the Contractor agrees to provide work as authorized by the Contract Supervisor until all work specified in the bid specifications has been rendered.

**SECTION III
COMPENSATION**

The total amount to be paid by the City to the Contractor is on a per unit fixed price basis in the amount of \$ _____ TBD _____ as indicated on Schedule A attached herein and made a part of this contract, which includes a one-time ten-dollar (\$10.00) payment for indemnification as provided in Section V herein. Payments will be disbursed in the following manner:

The Contract Sum - Work to be paid for on the basis of per unit prices: each, lump sum, linear feet, square yards, system, etc.

Progress Payments: The City will make partial payment during the progress of the work as follows: Partial payments, calculated from quantities of work in place multiplied by the Contract unit prices will be made Net 30 days after the receipt of the Pay Request. Retainage, if applicable, will be held as per FS Section 218.735 (8)(a)-(b) of ten percent (10%) on each invoice submitted. The City will make payment unless the City feels there are grounds for withholding the payment of Retainage. If the City makes payment of the Retainage to the Contractor then the Contractor shall timely remit payment of such Retainage to all subcontractors and suppliers attributable to the labor, services or material supplied. All remaining retained amounts will be released to the Contractor Net 30 days after final completion of work and the City's acceptance of project. Partial Release of Liens from all Contractor's, subcontractors, suppliers for materials and sub-sub contractors are to be attached to each pay request. Retainage and progress payments may be negotiated if payment is made by the Visa Procurement Card.

Acceptance and Final Payment - Upon receipt of written notice that the work is ready for final inspection and acceptance, the City will promptly make such inspection. When City finds the work acceptable under the terms of the Contract and the Contract fully performed, City will promptly issue a final certificate, stating that the work provided for in this Contract has been completed and that acceptance by him under the terms and the conditions thereof is recommended and the entire balance due the Contractor, subject to the covenants in the Standard Specifications and to any liquidated damages, if any assessed against the Contractor, will be paid to the Contractor net thirty (30) calendar days after the date of said final certificate.

Before issuance of final payment, the Contractor shall submit evidence that all payrolls, material bills and other indebtedness connected with the work have been paid. Final Release of Liens from all Contractors, subcontractors, suppliers for materials and sub-sub contractors are to be attached to the final invoice.

Invoices for services shall be submitted once a month, by the 10th of the month, and payments shall be made net thirty calendar (30) days unless Contractor has chosen to take advantage of the Purchasing Card Program, which guarantees payment within several days. Payment shall be made Net thirty calendar days (30) of receipt of Contractor's valid invoice, provided invoice is accompanied by adequate supporting documentation, partial release of liens and approved by Contract Supervisor as provided in Contract.

No payment for projects involving improvements to real property shall be due until Contractor delivers to City a complete release of all claims arising out of the contract or receipts in full in lieu thereof, and an affidavit on his personal knowledge that the releases and receipts include labor and materials for which a lien could be filed.

All invoices and correspondence relative to this Contract must contain the City's contract number and Purchase Order number or Visa Authorization number.

The Contractor shall not be paid additional compensation for any loss or damage, arising out of the nature of the work, from the action of the elements, or from any delay or unforeseen obstruction or difficulties encountered in the performance of the work, or for any expenses incurred by or in consequence of the suspension or discontinuance of the work.

SECTION IV CONFORMANCE WITH BID

It is understood that the materials and/or work required herein are in accordance with the bid made by the Contractor pursuant to the Invitation to Bid and Specifications on file in the Office of Management and Budget of the City. All documents submitted by the Contractor in relation to said bid, and all

documents promulgated by the City for inviting bids are, by reference, made a part hereof as if set forth herein in full.

SECTION V INDEMNIFICATION/INSURANCE

The Contractor agrees to indemnify, defend, and hold harmless the City, its officers and employees, from liabilities, damages, losses and costs, including but not limited to, reasonable attorney's fees, to the extent caused by the negligent act, recklessness, or intentional wrongful misconduct of the Contractor and persons employed or utilized by the Contractor in the performance of the construction contract. As consideration for this indemnity provision the Contractor shall be paid the sum of ten dollars (\$10.00), which will be added to the contract price, and paid prior to commencement of work.

The Contractor shall, on a primary basis and at its sole expense, agree to maintain in full force and effect at all times during the life of this Contract, insurance coverage, limits, including endorsements, as described herein. The requirements contained herein, as well as City's review or acceptance of insurance maintained by Contractor are not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by Contractor under the Contract.

The parties agree and recognize that it is not the intent of the City of Port St. Lucie that any insurance policy/coverage that it may obtain pursuant to any provision of this Contract will provide insurance coverage to any entity, corporation, business, person, or organization, other than the City of Port St. Lucie and the City shall not be obligated to provide any insurance coverage other than for the City of Port St. Lucie or extend its immunity pursuant to Section 768.28, Florida Statutes, under its self insured program. Any provision contained herein to the contrary shall be considered void and unenforceable by any party. This provision does not apply to any obligation imposed on any other party to obtain insurance coverage for this project, any obligation to name the City of Port St. Lucie as an additional insured under any other insurance policy, or otherwise protect the interests of the City of Port St. Lucie as specified in this Contract.

The Contractor shall agree to maintain Workers' Compensation Insurance & Employers' Liability in accordance with Section 440, Florida Statutes. Employers' Liability must include limits of at least \$100,000 each accident, \$100,000 each disease/employee, \$500,000 each disease/maximum. A Waiver of Subrogation endorsement must be provided. Coverage should apply on a primary basis. Should scope of work performed by Contractor qualify its employee for benefits under Federal Workers' Compensation Statute (example, U.S. Longshore & Harbor Workers Act or Merchant Marine Act), proof of appropriate Federal Act coverage must be provided.

Commercial General Liability insurance issued under an Occurrence form basis, including Contractual liability, to cover the hold harmless agreement set forth herein, with limits of not less than:

Each occurrence	\$1,000,000
Personal/advertising injury	\$1,000,000
Products/completed operations aggregate	\$2,000,000
General aggregate	\$2,000,000
Fire damage	\$100,000 any 1 fire
Medical expense	\$10,000 any 1 person

An Additional Insured endorsement **must** be attached to the certificate of insurance and must include coverage for Completed Operations (should be ISO CG20101185 or CG20371001 &

CG20100704) under the General Liability policy. Products & Completed Operations coverage to be provided for a minimum of 5 years from the date of possession by owner or completion of contract. Coverage is to be written on an occurrence form basis and shall apply as primary. A per project aggregate limit endorsement should be attached. Defense costs are to be in addition to the limit of liability. A waiver of subrogation is to be provided in favor of the City. Coverage for the hazards of explosion, collapse and underground property damage (XCU) must also be included when applicable to the work performed. Coverage shall extend to independent contractors and fellow employees. Contractual Liability is to be included. Coverage is to include a cross liability or severability of interests provision as provided under the standard ISO form separation of insurers clause. There shall be no exclusion for Mold, Silica or Respirable Dust or Bodily Injury or Property Damage arising out of heat, smoke, fumes or ash from a hostile fire.

Except as to Workers' Compensation and Employers' Liability, said Certificate(s) and policies shall clearly state that coverage required by the Contract has been endorsed to include the City of Port St. Lucie, a political subdivision of the State of Florida, its officers, agents and employees as Additional Insured with a CG 2026-Designated Person or Organization endorsement, or similar endorsement, added to its Commercial General Liability policy and Business Auto policy. The name for the Additional Insured endorsement issued by the insurer shall read **"City of Port St. Lucie, political subdivision of the State of Florida, its officers, employees and agents, and Contract #20120008 for the St. Lucie North Drainage Basin Improvements"** shall be listed as additionally insured. The Certificate of Insurance and policy shall unequivocally provide thirty- (30) day written notice to the City prior to any adverse changes, cancellation, or non-renewal of coverage thereunder. Said liability insurance must be acceptable by and approved by the City as to form and types of coverage. In the event that the statutory liability of the City is amended during the term of this Contract to exceed the above limits, the Contractor shall be required, upon thirty- (30) days written notice by the City, to provide coverage at least equal to the amended statutory limit of liability of the City. Copies of the Additional Insured endorsements including Completed Operations coverage should be attached to the Certificate of Insurance. All independent contractors and subcontractors utilized in this project must furnish a Certificate of Insurance to the City in accordance with the same requirements set forth herein.

The Contractor shall agree to maintain Business Automobile Liability at a limit of liability not less than \$500,000 each accident covering any auto, owned, non-owned and hired automobiles. In the event, the Contractor does not own any automobiles; the Business Auto Liability requirement shall be amended allowing Contractor to agree to maintain only Hired & Non-Owned Auto Liability. This amended requirement may be satisfied by way of endorsement to the Commercial General Liability, or separate Business Auto Coverage form. Certificate holder must be listed as additional insured. A waiver of subrogation must be provided. Coverage should apply on a primary basis.

The Contractor shall agree by entering into this Contract to a Waiver of Subrogation for each required policy. When required by the insurer, or should a policy condition not permit an Insured to enter into a pre-loss Contract to waive subrogation without an endorsement then Contractor shall agree to notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy where a condition to the policy specifically prohibits such an endorsement, or voids coverage should Contractor enter into such a Contract on a pre-loss basis.

It shall be the responsibility of the Contractor to ensure that all subcontractors comply with the same insurance requirements referenced above.

All deductible amounts shall be paid for and be the responsibility of the Contractor for any and all claims under this Contract.

The Contractor may satisfy the minimum limits required above for either Commercial General Liability, Business Auto Liability, and Employers' Liability coverage under Umbrella or Excess Liability. The Umbrella or Excess Liability shall have an Aggregate limit not less than the highest "Each Occurrence" limit for either Commercial General Liability, Business Auto Liability, or Employers' Liability. When required by the insurer, or when Umbrella or Excess Liability is written on Non-Follow Form," the City shall be endorsed as an "Additional Insured."

Payment & Performance Bonds: The Contractor shall furnish an acceptable Performance and Payment Bond complying with the statutory requirements set forth in Section 255.05, Florida Statutes, in the amount of 100% of the Contract price with all pertinent information as required. A fully authorized Surety, licensed by the State of Florida shall execute the Performance and Payment Bond. The Performance and Payment Bond shall remain in full force a minimum of one (1) years after the work required has been completed and final acceptance by the City.

Should the Surety become irresponsible during the time the Contract is in force, the City may require additional and sufficient sureties and the Contractor shall furnish same to the satisfaction of the City within ten (10) days after written notice to do so. In default thereof, the Contract may be suspended as herein provided.

SECTION VI PROHIBITION AGAINST FILING OR MAINTAINING LIENS AND SUITS

Subject to the laws of the State of Florida and of the United States, neither Contractor nor any Subcontractor, supplier of materials, laborer or other person shall file or maintain any lien for labor or materials delivered in the performance of this Contract against the City. The right to maintain such lien for any or all of the above parties is hereby expressly waived.

SECTION VII WORK CHANGES

The City reserves the right to order work changes in the nature of additions, deletions or modifications without invalidating the Contract, and agrees to make corresponding adjustments in the Contract price and time for completion. Any and all changes must be authorized by a written change order signed by the City Manager or his designee as representing the City. Work shall be changed and the Contract price and completion time shall be modified only as set out in the written change order. Any adjustment in the Contract price resulting in a credit or a charge to the City shall be determined by mutual agreement of the parties.

SECTION VIII COMPLIANCE WITH LAWS

The Contractor shall give all notices required by and shall otherwise comply with all applicable laws, ordinances and codes and shall, at his own expense, secure and pay the fees and charges for all permits required for the performance of the Contract. All materials furnished and works done are to comply with all local, state and federal laws and regulations. Contractor will comply with the requirements of 28 C.F.R. § 35.151.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7).

Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION

SECTION IX CLEANING UP

Contractor shall, during the performance of this Contract, remove and properly dispose of resulting dirt and debris, and keep the work area reasonably clear. On completion of the work, Contractor shall remove all Contractors' equipment and all excess materials, and put the work area in a neat, clean and sanitary condition.

SECTION X NOTICE OF PERFORMANCE

When required materials have been delivered and required work performed Contractor shall submit a request for inspection in writing to the Contract Supervisor.

**SECTION XI
DELIVERY DOCUMENTATION**

Not applicable.

**SECTION XII
INSPECTION AND CORRECTION OF DEFECTS**

In order to determine whether the required material has been delivered or the required work performed in accordance with the terms and conditions of the Contract documents, the Contract Supervisor shall make inspection as soon as practicable after receipt from the Contractor of a Notice of Performance or delivery ticket. If such inspection shows that the required material has been delivered and required work performed in accordance with terms and conditions of the Contract documents and that the material and work is entirely satisfactory, the Contract Supervisor shall approve the invoice when it is received. Thereafter the Contractor shall be entitled to payment, as described in Section III. If, on such inspection the Contract Supervisor is not satisfied, he shall as promptly as practicable inform the parties hereto of the specific respects in which his findings are not favorable. Contractor shall then be afforded an opportunity if desired by him, to correct the deficiencies so pointed out at no additional charge to the City, and otherwise on terms and conditions specified by the Contract Supervisor. Such examination, inspection, or tests made by the Contract Supervisor, shall not relieve Contractor of its responsibility to remedy any deviation, deficiency, or defect.

**SECTION XIII
ADDITIONAL REQUIREMENTS**

In the event of any conflict between the terms and conditions, appearing on any purchase order issued relative to this Contract, and those contained in this Contract and the Specifications herein referenced, the terms of this Contract and Specifications herein referenced shall apply. If there is a conflict between the Contract and specifications, the Contract will control.

**SECTION XIV
LICENSING**

Contractor warrants that he possesses all licenses and certificates necessary to perform required work and is not in violation of any laws. Contractor warrants that his license and certificates are current and will be maintained throughout the duration of the Contract.

**SECTION XV
SAFETY PRECAUTIONS**

Precaution shall be exercised at all times for the protection of persons, including employees, and property. The safety provisions of all applicable laws and building and construction codes shall be observed.

**SECTION XVI
ASSIGNMENT**

Contractor shall not delegate, assign or subcontract any part of the work under this Contract or assign any monies due him hereunder without first obtaining the written consent of the City.

SECTION XVII TERMINATION, DELAYS AND LIQUIDATED DAMAGES

A. Termination of Contract. If the Contractor refuses or fails to deliver material as required and/or prosecute the work with such diligence as will insure its completion within the time specified in this Contract, the City by written notice to the Contractor, may terminate Contractor's rights to proceed. Upon such termination, the City may take over the work and prosecute the same to completion, by Contract or otherwise, and the Contractor and his sureties shall be liable to the City for any additional cost incurred by it in its completion of the work. The City may also in event of termination obtain undelivered materials, by Contract or otherwise, and the Contractor and his sureties shall be liable to the City for any additional cost incurred for such material. Contractor and his sureties shall also be liable to the City for liquidated damages for any delay in the completion of the work as provided below. If the Contractor's right to proceed is so terminated, the City may take possession of and utilize in completing the work such materials, tools, equipment and facilities as may be on the site of the work and necessary therefore.

B. Liquidated Damages for Delays. If material is not provided or work is not completed within the time stipulated in this Contract, including any extensions of time for excusable delays as herein provided, (it being impossible to determine the actual damages occasioned by the delay) the Contractor shall provide to the City one thousand one hundred fortyeight (\$1,148.00) dollars as fixed, agreed and liquidated damages for each calendar day of delay until the work is completed. The Contractor and his sureties shall be jointly and severally liable to the City for the amount thereof.

C. Excusable Delays. The right of the Contractor to proceed shall not be terminated nor shall the Contractor be charged with liquidated damages for any delays in the completion of the work or delivery of materials due to: (1) any acts of the Federal Government, including controls or restrictions or requisitioning of materials, equipment, tools or labor by reason of war, national defense or any other national emergency, (2) any adverse acts of the City, (3) causes not reasonably foreseeable by the parties at the time of the execution of the Contract that are beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of another Contractor in the performance of some other Contract with the City, fires, floods, epidemics, quarantine, restrictions, strikes, freight embargoes and weather of unusual severity such as hurricanes, tornadoes, cyclones and other extreme weather conditions, and (4) any delay of any Subcontractor occasioned by any of the above mentioned causes. However, the Contractor must promptly notify the City in writing within two (2) days of the cause of delay. If, on the basis of the facts and the terms of this Contract, the delay is properly excusable the City shall extend the time for completing the work for a period of time commensurate with the period of excusable delay.

D. The City may terminate this Contract with or without cause by giving the Contractor thirty (30) days notice in writing. Upon delivery of said notice and upon expiration of the thirty (30) day period, the Contractor shall discontinue all services in connection with the performance of this Contract and shall proceed to cancel promptly all related existing third party Contracts. Termination of the Contract by the City pursuant to this paragraph shall terminate all of the City's obligations hereunder and no charges, penalties or other costs shall be due Contractor except for work timely completed.

**SECTION XVIII
LAW AND VENUE**

This Contract is to be construed as though made in and to be performed in the State of Florida and is to be governed by the laws of Florida in all respects without reference to the laws of any other state or nation. The venue of any action taken to enforce this Contract shall be in St. Lucie County, Florida.

**SECTION XIX
REIMBURSEMENT FOR INSPECTION**

The Contractor agrees to reimburse the City for any expenditures incurred by the City in the process of testing materials supplied by the Contractor against the specifications under which said materials were procured, if said materials prove to be defective, improperly applied, and/or in other manners not in compliance with specifications. Expenditures as defined herein shall include, but not be limited to, the replacement value of materials destroyed in testing, the cost paid by the City to testing laboratories and other entities utilized to provide tests, and the value of labor and materials expended by the City in the process of conducting the testing. Reimbursement of charges as specified herein shall not relieve the Contractor from other remedies provided in the Contract.

**SECTION XX
APPROPRIATION APPROVAL**

The Contractor acknowledges that the City of Port Saint Lucie's performance and obligation to pay under this Contract is contingent upon an annual appropriation by the City Council. The Contractor agrees that, in the event such appropriation is not forthcoming, the City may terminate this Contract and that no charges, penalties or other costs shall be assessed.

**SECTION XXI
RENEWAL OPTION**

Not applicable to this contract.

**SECTION XXII
ENTIRE CONTRACT**

The written terms and provisions of this Contract shall supersede all prior verbal statements of any official or other representative of the City. Such statements shall not be effective or be construed as entering into, or forming a part of, or altering in any manner whatsoever, this Contract or Contract documents.

CERTIFICATION REGARDING LOBBYING**

The undersigned Contractor certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for making lobbying contacts to an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions (as amended by "Government wide Guidance for New Restrictions on Lobbying", 61 Fed. Reg. 1413 (1/19/96). Note: Language in paragraph (2) herein has been modified in accordance with Section 10 of the Lobbying Disclosure Act of 1995 (P.L. 104-65, to be codified at 2 U.S.C. 1601, *et seq.*)
- (3) The undersigned shall require that the language of this certification be included in the awards documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

[Note: Pursuant to 31 U.S.C. 1352 (1)-(2)(A), any person who makes a prohibited expenditure or fails to file or amend a required certification or disclosure form shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such expenditure or failure]

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. A 3801, *et seq.*, apply to this certification and disclosure, if any.

ARTICLE 1

DEFINITION OF TERMS

1.1 GENERAL

Whenever in these specifications or in other documents pertaining to the Contract the following terms appear, their intent and meaning shall, unless specifically stated otherwise, be interpreted as shown.

1.2 ACT OF GOD

The words "Act of God" means an earthquake, flood, hurricane or other cataclysmic phenomenon of nature. Rain, wind or other natural phenomenon of normal intensity, including extreme rainfall, for the locality shall not be construed as an Act of God and no reparation shall be made to the CONTRACTOR for damages to the work resulting therefrom, and no extension of time shall be allowed the CONTRACTOR because of such phenomena. Additionally, the "Act of God" must have an adverse effect on the work scheduled on the Critical Path Method (CPM) for that day to qualify for extension of time.

1.3 ASBESTOS

Any material that contains more than one percent asbestos and is friable, or is releasing asbestos fibers into the air above current action level established by the United States Occupational Safety and Health Administration.

1.4 A.S.T.M. DESIGNATION

Wherever the letters "A.S.T.M." are used in these Specifications, it shall be understood as referring to the American Society for Testing Materials. When reference is made to a certain Designated Number of a specification or test as set out or given by the American Society for Testing Materials, it shall be understood to mean the current, up-to-date standard specification or tentative specification for that particular process, material or test as currently published by that group.

1.5 BID

The bid or proposal is the written offer of a Bidder to perform the work and to furnish the labor and materials described by the contract documents at the prices quoted when made out and submitted on the prescribed bid or proposal form properly sealed and guaranteed. The bid or proposal shall be considered as part of the contract documents.

EXHIBIT "A"
SB 2012008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

1.6 BID OR PROPOSAL GUARANTEE

Proposal guarantee will be defined as the security furnished by the Bidder as a guarantee that the Bidder will enter into the contract for the work if the CITY accepts the bid or proposal.

1.7 BIDDER

An individual, firm, partnership, or corporation submitting a bid or proposal for the work contemplated; acting directly or through a duly authorized representative. The term "Bidder" may be used interchangeably with the term "CONTRACTOR".

1.8 CITY

CITY is the City of Port St. Lucie, a political subdivision of the State of Florida, governed by the City of Port St. Lucie Council Members.

1.9 CHANGE ORDER

A written order issued by the CONTRACTOR and accepted by the CITY covering minor field changes in the plans, specifications, or quantities of work within the scope of the contract, when prices for the items of work effected are previously established in the contract.

1.10 CONTRACT AMENDMENT

A written description of the scope of work containing a listing of contract documents and other special provision(s) covering the terms and conditions of the contract. The Contract Amendment shall be considered as part of the Contract Documents.

1.11 CONTRACT

The term "contract" means the entire and integrated agreement between the parties there under and supersedes all prior negotiations, representations, or agreements either written or oral. The contract documents form a contract between the CITY and the CONTRACTOR setting forth the obligations of the parties there under, including but not limited to, the performance of the work and the basis of payment.

1.12 CONTRACT DOCUMENTS

The instructions to bidders, CONTRACTOR's proposal, plans, general conditions, specifications, contract, performance and payment bond and any addenda, change orders, amendments and supplemental written agreements relating to the project.

The intention of the documents is to set forth requirements of performance, type of equipment and structures, and standards of materials and construction. It is also intended to include all

SB.20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

labor and materials, equipment, permits, and transportation necessary for the proper execution of the work, to require new material and equipment unless otherwise indicated, and to require

complete performance of the work in spite of omission of specific reference to any minor component part.

1.13 CONTRACT SUPERVISOR

The Contract Supervisor is the City of Port St. Lucie Engineering Department representative as identified in the Special Conditions:

1.14 CONTRACTOR

The word "CONTRACTOR" shall mean an individual, firm, partnership, or corporation, and his, their or its heirs, executors, administrators, successors and assigns or the lawful agent of any such individual, firm, partnership, covenantor or corporation, or his, their or its surety under any contract bond, constituting one of the principals to the Contract and undertaking to perform the work herein specified. Where any pronoun is used as referring to the word "CONTRACTOR", it shall mean the CONTRACTOR as defined herein.

1.15 DEPARTMENT (FDOT)

Department or FDOT refers to the State of Florida, Department of Transportation

1.16 DIRECTED, ORDERED, APPROVED & ETC.

Wherever in the specifications, plans, change orders amendments, or supplemental written agreements the words "directed", "ordered", "approved", "permitted", "acceptable", or words of similar import are used, it shall be understood that the direction, order, approval or acceptance of the CITY is intended unless otherwise stated.

1.17 ENGINEER

ENGINEER: The "Engineer of Record" for the project is a Professional Engineer duly licensed and registered in the State of Florida. The Engineer of Record is designated in the Special Conditions.

Construction Engineering and Inspection (CEI) Engineer: The "Construction Engineering and Inspection Engineer (CEI) shall be a Professional Engineer duly licensed and registered in the State of Florida and designated by CITY as ENGINEER.

1.18 GENERAL REQUIREMENTS

The directions, provisions and requirements contained herein entitled General Requirements and Technical Specifications and any addenda, amendments, supplemental written agreements and

EXHIBIT "A"
SB 2012008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

change orders, that may be issued for the contract, all describing the general manner of performing the work including detailed technical requirements relative to labor, material, equipment, and methods by which the work is to be performed and prescribing the relationship between the CITY and the CONTRACTOR.

1.19 HAZARDOUS WASTE

The term hazardous waste shall have the meaning provided in Section 1004 of the Solid Waste Disposal Act (42 USC Section 6903) as amended from time to time.

1.20 INSPECTOR

A duly authorized representative of the ENGINEER or CITY, assigned to make official inspections of the materials furnished and of the work performed by the CONTRACTOR.

1.21 LABORATORY

Any licensed and qualified laboratory designated by or acceptable to the CITY to perform necessary testing of materials.

1.22 MILESTONE

A principal event specified in the Contract Documents relating to an Intermediate Completion date or time prior to Substantial Completion of all the work.

1.23 PLANS

The official, approved plans, including reproduction thereof, showing the location, character, dimensions and details of the work to be done. All shop drawings submitted by the CONTRACTOR and approved by ENGINEER shall be considered as part of the Contract Documents.

1.24 SAMPLES

Physical examples of materials, equipment, or workmanship that are representative of some portion of the work, and which establish the standards by which such portion of the work will be judged.

1.25 SPECIAL CONDITIONS

Special clauses or provisions, supplemental to the Plans, General Requirements and other Contract Documents, setting forth conditions varying from or additional to the General Requirements for a specific project.

1.26 SPECIFICATIONS

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

The directions, provisions, and technical requirements together with all written agreements made or to be made, setting forth or relating to the method and manner of performing the work, or to the quantities and qualities of materials, labor and equipment to be furnished under the Agreement.

1.27 SUBCONTRACTOR

An individual, partnership, or corporation supplying labor, equipment or materials under a direct contract with the CONTRACTOR for work on the project site. Included is the one who supplies materials fabricated or formulated to a special design according to the plans and specifications for the particular project.

1.28 SURETY

The definition for surety is the corporate body that is bound by the contract bond with and for the CONTRACTOR responsible for the performance of the contract and for payment of all legal debts pertaining thereto.

1.29 UNDERGROUND FACILITIES

All pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels or other such facilities which have been installed underground to furnish any of the following services or materials: electricity, gases, steam, liquid petroleum products, telephone or other communications, cable television, sewage and drainage removal, traffic or other control systems, or water mains of any type.

1.30 UNIT PRICE WORK

Work to be paid for on the basis of unit prices: each, lump sum, linear feet, square yards, system, etc.

1.31 WORK

The entire completed construction or the various separately identifiable parts thereof required to be furnished under the Contract Documents. All labor, materials, furnishing documents and incidentals required executing and completing the requirements of the contract including superintendents, use of equipment and tools, and all services and responsibilities prescribed or implied.

1.32 WORK CHANGE DIRECTIVE

A written directive to the CONTRACTOR, issued on or after the Effective Date of the Contract, and signed by the CITY and recommended by the ENGINEER, ordering an addition, deletion, or revision in the work, or responding to differing or unforeseen physical conditions under which

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

the work is to be performed, or to emergencies. A Work Change Directive will be incorporated in a subsequently issued Change Order.

1.33 WRITTEN NOTICE

Written notice shall be considered as served when delivered to the designated representative of the CONTRACTOR and receipt acknowledged or sent by registered mail to the individual, firm, or corporation to the business address stated in Bid Proposal.

It shall be the duty of each party to advise the other parties to the Contract as to any changes in his business address until completion of the Contract.

ARTICLE 2 PLANS, SPECIFICATIONS AND RELATED DATA

2.1 INTENT OF PLANS AND SPECIFICATIONS

The intent of the plans, specifications and other contract documents is that the CONTRACTOR furnishes all labor and materials, equipment, supervision and transportation necessary for the proper execution of the work unless specifically noted otherwise. The CONTRACTOR shall do all the work shown on the Plans and described in the Specifications and other Contract Documents and all incidental work considered necessary to complete the work or improvement ready for use, occupancy, or operation in a manner acceptable to the ENGINEER and CITY.

The technical specifications contained in Division II and III of the *Florida Department of Transportation Standard Specifications for Road and Bridge Construction*, 2010 Edition, shall also apply to this Contract. In addition, the terms and conditions of the applicable permits and approvals issued by various federal, state, and local Government Agencies and their regulations and requirements affecting such work shall supersede these specifications.

It shall be the CONTRACTOR's responsibility to ensure all bidding, construction, inspections, certifications, and considerations for the construction of the utility portion of this contract is in strict conformance with the City of Port St Lucie Utilities Systems Department's Technical Specifications and Construction Standards, latest revision.

2.2 CONFLICT

These Specifications, the Plans, Special Conditions and all supplementary documents are integral parts of the Contract; a requirement occurring in the one is as binding as though occurring in all. All parts of the Contract are complementary and describe and provide for a complete work. In addition to the work and materials specified in the Specifications as being included in any specific pay item, include in such pay items additional, incidental work, not specifically mentioned, when so shown in the plans, or if indicated, or obvious and apparent, as being

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

necessary for the proper completion of the work under such pay item and not stipulated as being covered under other pay items.

The computed dimensions govern over scaled dimensions. In case of discrepancy, the governing order of the Contract Documents is as follows:

- A. Amendment
- B. Special Provisions/Conditions
- C. Plans/Construction Drawings
- D. Supplemental Specifications
- E. 2010 FDOT Standard Specifications for Road and Bridge Construction.

2.3 DISCREPANCIES IN PLANS

Any discrepancies found between the Plans and Specifications and site conditions or any errors or omissions in the Plans or Specifications shall be immediately reported to the ENGINEER and CITY in writing in the form of an official Request for Information (RFI). The ENGINEER shall promptly correct such error or omission in writing. Any work done by the CONTRACTOR after his discovery of such discrepancies, errors or omissions shall be done at the CONTRACTOR's risk.

Discrepancies include any correction, errors or omissions in Plans and Specifications that may be made by the ENGINEER when such correction is necessary for the proper fulfillment of their intention as construed by him. Where said correction of errors or omissions, except as provided in the next three (3) paragraphs below, adds to the amount of work to be done by the CONTRACTOR, compensation for said additional work shall be made under the General Requirements. Changes in the work, except where the additional work may be classed under some item of work for which a unit price is included in the proposal, errors or omissions must be presented to the "Engineer of Record" in writing within five (5) days of discovery, in the form of an official Request.

The fact that specific mention of any part of work is omitted in the Specifications, whether intentionally or otherwise, when the same is clearly shown or indicated on the Plans, or is usually and customarily required to complete fully such work as is specified herein, will not entitle the CONTRACTOR to consideration in the matter of any claim for extra compensation, but the said work must be installed or done the same as if called for by both the Plans and Specifications.

All work indicated on the Plans and not mentioned in the Specifications or vice versa, and all work and material usual and necessary to make the work complete in all its parts, whether or not they are indicated on the Plans or mentioned in the Specifications, shall be furnished and executed the same as if they were called for by both the Plans and Specifications.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

The CONTRACTOR will not be allowed to take advantage of any errors or omissions in the Plans and Specifications. The ENGINEER will provide full information when errors or omissions are discovered.

2.4 DRAWINGS AND SPECIFICATIONS AT JOB SITE

One (1) complete set of all Contract Documents shall be maintained at the job site and shall be available to the ENGINEER and CITY at all times. Each crew installing the work items shall have

a set of Project Specifications and Project Plan Drawings that are pertinent to the work efforts being performed by the crew, including all current revisions.

2.5 DIMENSIONS

Plans consist of general drawings showing such details as are necessary to give a comprehensive idea of the construction contemplated. In general, roadway plans will show alignment, profile grades, typical cross-sections and general cross-sections. In general, structure plans will show in detail all dimension of the work contemplated. When the structure plans do not show the dimensions in detail, they will show general features and such details as are necessary to give a comprehensive idea of the structure.

2.6 SAMPLING AND TESTING

Except as otherwise provided, sampling and testing of all materials, and the laboratory methods and testing equipment required under these specifications shall be in accordance with the latest standards or tentative of the American Society for Testing Materials and the Florida Department of Transportation.

Provisions of this Article supersede the requirements of Division II, Section 105 of the Florida Department of Transportation Standard Specifications which is modified as follows. The following subsections of Division II, Section 105 of the Standard Specifications shall not apply to work under this Contract:

- A. 105-3.2: Personnel
- B. 105-3.7.4 Describing Documentation Procedure
- C. 105-3.10 Testing Laboratories
- D. 105-5.2: QC Manager

- I. 105-5.8.6.1 Concrete Other than Post-Tensioned Segmental Box Girder Construction
- J. 105-5.10 Signal Installation Inspector

The testing of samples and materials shall be made at the expense of the CITY, except where indicated otherwise. The CONTRACTOR shall furnish any required samples without charge. The CITY / ENGINEER shall be given sufficient notification of the placing of orders for materials to permit testing.

As an exception to the above, when the CONTRACTOR represents a material or an item of work as meeting Specifications and under recognized test procedures it fails, the CONTRACTOR shall be responsible for all expenses associated with failed tests, billed at the Testing Laboratory's standard rate for individual tests.

It is expected that all inspections and testing of materials and equipment will be done locally. If the CONTRACTOR desires that inspections or tests be made outside of the local area all expenses, including per diem for the ENGINEER or Inspectors, shall be borne by the CONTRACTOR. The selected location will be reviewed and approved by the ENGINEER and CITY.

The CONTRACTOR shall be responsible for scheduling all testing required through the CITY's independent Geotechnical ENGINEER and Testing Laboratory. The CONTRACTOR shall give the ENGINEER and the Geotechnical ENGINEER at least one (1) day's prior notice of readiness of the work for all required inspections, tests or approvals. Should standby time occur by the testing field technician, time in excess of one (1) hour waiting for scheduled work to be completed, prior to performing any required test per working day will be charged directly to the CONTRACTOR, unless previously approved by CITY. Any test not meeting specification requirements shall be charged directly to the CONTRACTOR.

2.7 SHOP DRAWINGS

The CONTRACTOR shall provide shop drawings, setting schedules and other drawings as may be necessary for the prosecution of the work in the shop and in the field as required by the Plans and Specifications or ENGINEER's instructions. Deviations from the Plans and Specifications shall be called to the attention of the ENGINEER and CITY at the time of the first submission of shop drawings and other drawings. The ENGINEER's review and approval of any shop drawings shall not release the CONTRACTOR from responsibility for errors, corrections of details, or conformance with the Contract. Shop drawings shall be submitted according to the following schedule:

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

- A. Seven (7) copies of each shop drawing shall be submitted to the ENGINEER at least thirty (30) days before the materials indicated thereon are to be needed or earlier if required to prevent delay of work or to comply with subparagraph D.
- B. Shop Drawings. All working, shop and erection drawings, associated trade literature, calculations, schedules, manuals and similar documents submitted by the CONTRACTOR to define some portion of the project work. The type of work includes both permanent and temporary works as appropriate to the project.
- C. Permanent Works: All the permanent structures and parts thereof required of the completed Contract.
- D. Temporary Works: Any temporary construction work necessary for the construction of the permanent works. This includes falsework, formwork, scaffolding, shoring, temporary earthworks, sheeting, cofferdams, special erection equipment and the like.
- E. Construction Affecting Public Safety: Construction that may jeopardize public safety such as structures spanning functioning vehicular roadways, pedestrian walkways, railroads, navigation channels of navigable waterways and walls or other structure foundations located in embankments immediately adjacent to functioning roadways. It does not apply to those areas of the site under the CONTRACTOR's control and outside the limits of normal public access.
- F. Major and Unusual Structures: Bridges of complex geometry and/or complex design. Generally, this includes the following types of structures:
1. Bridges with an individual span longer than 300 feet (100 m).
 2. Structurally continuous superstructures with spans over 150 feet (45m).
 3. Steel box and plate girder bridges.
 4. Steel truss bridges.
 5. Concrete segmental and longitudinally post-tensioned continuous girder bridges.
 6. Cable stayed or suspension bridges.
 7. Arch bridges.
 8. Tunnels.
 9. Movable bridges (specifically electrical and mechanical components).
 10. Rehabilitation, widening, or lengthening of any of the above.
- G. Special Erection Equipment includes launching gantries, beam and winch equipment, form travelers, stability towers, strong-backs, erection trusses, launching noses or similar items made purposely for construction of the structure. It does not apply to commonly available proprietary construction equipment such as cranes.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

- H. Falsework includes any temporary construction work used to support the permanent structure until it becomes self-supporting. Falsework includes steel or timber beams, girders, columns, piles and foundations, and any proprietary equipment including modular shoring frames, post shores, and adjustable horizontal shoring.
- I. Formwork includes any structure or mold uses to retain plastic or fluid concrete in its designated shape until it hardens. Formwork comprises common materials such as wood or metal sheets, battens, soldiers and walers, ties, proprietary forming systems such as stay-in-place metal forms, and proprietary supporting bolts, hangers and brackets. Formwork may be either permanent formwork requiring a shop drawing submittal such as stay-in-place metal or concrete forms, or may be temporary formwork which requires certification by the Specialty ENGINEER for Construction Affecting Public Safety and for Major and Unusual Structures.
- J. Scaffolding is an elevated work platform used to support workmen, materials and equipment, but not intended to support the structure.
- K. Shoring is a component of falsework such as horizontal, vertical or inclined support members. In this item, this term is interchangeable with falsework.
- L. Contractor Originated Designs. Items which the Contract Documents require the CONTRACTOR to design, detail and incorporate into the permanent works.
- M. CONTRACTOR Responsibility for accuracy and Coordination of Shop Drawings: Coordinate, schedule, and control all submittals, with a regard for the required priority, including those of the various Subcontractors, suppliers, and engineers, to provide for an orderly and balanced distribution of the work.
1. Coordinate; review, date, stamp, approve and sign all shop drawings prepared by the CONTRACTOR or agents (subcontractor, fabricator, supplier, etc.) prior to submitting them to the Engineer of Record for review. Submittal of the drawings confirms verification of the work requirements, units of measurement, field measurements, construction criteria, sequence of assembly and erection, access and clearances, catalog numbers, and other similar data. Indicate on each series of drawings the specification section and page or drawing number of the Contract plans to which the submission applies. Indicate on the shop drawings all deviations from the Contract drawings and itemize all deviations in the letter of transmittal. Likewise, whenever a submittal does not deviate from the Contract plans, clearly state so in the transmittal letter.
 2. Schedule the submission of shop drawings to allow for a three (3) week review period. The review period commences upon the Engineer of Record's receipt of the valid submittal or re-submittal and terminates upon the transmittal of the submittal back to the CONTRACTOR. A valid

EXHIBIT "A"
SB.20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

submittal includes all the minimum requirements outlined in FDOT Standard Specifications Section 5-1.4.4. Allow two (2) week review time for re-submittals.

3. Submit shop drawings to facilitate expeditious review. The CONTRACTOR is discouraged from transmitting voluminous submittals of shop drawings at one time. For submittals transmitted in this manner, allow for the additional review time that may result.
4. Only shop drawings distributed with the "red ink" stamps are valid and all work that the CONTRACTOR performs in advance of approval will be at the CONTRACTOR's risk.

2.8 QUALITY OF EQUIPMENT AND MATERIALS

In order to establish standards of quality, the detail Specifications refer to certain products by name and catalog number. This procedure is not to be construed as eliminating from competition other products of equal or better quality by other manufacturers where fully suitable in design. Written requests for consideration of substitutions must be submitted at least fifteen (15) days prior to bid opening. Requests shall describe the product under consideration, including all data necessary to demonstrate acceptability. If the substitution is approved, an Addendum will be issued to all Bidders of Record, describing such.

The CONTRACTOR shall furnish to the CITY a complete list of his proposed desired substitution at least fifteen (15) days prior to bid opening, together with such engineering and Catalog data as the CITY may require. Substitutions may be submitted during the course of work, provided it does not delay the performance and completion of the work.

The CONTRACTOR shall abide by the CITY's/ENGINEER's judgment when proposed substitution of materials or items or equipment is judged to be unacceptable and shall furnish the specified material or item of equipment in such case. All proposals for substitutions shall be submitted to the ENGINEER in writing by the CONTRACTOR and not by individual trades or material suppliers. The ENGINEER will advise of approval or disapproval of proposed substitutions in writing within a reasonable time. No substitute materials shall be used unless approved by ENGINEER in writing.

Wherever the Specifications call for an item of material or equipment by a manufacturer's name and type, and additional features of the item are specifically required by the Specifications, the additional features specified shall be provided whether or not they are normally included in the Standard manufacturer's item listed.

Wherever the Specifications call for an item of material or equipment by a manufacturer's name and type, the specified item becomes obsolete and is no longer available, the CONTRACTOR shall

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

provide an item equal in quality and performance which is currently available, at no change on Contract price.

2.9 EQUIPMENT AND MATERIAL APPROVAL DATA

The CONTRACTOR shall furnish one (1) copy of complete catalog data for every manufactured item of equipment and all components to be used in the work, including specific performance data, material description, rating, capacity, material gauge or thickness, brand name, catalog number and general type.

This submission shall be compiled by the CONTRACTOR and submitted to the ENGINEER for review and written approval before any of the equipment is ordered.

Each data sheet or catalog in the submission shall be indexed according to specification section and paragraph for easy reference.

After written approval is received by the CONTRACTOR, submission shall become a part of the Contract and may not be deviated from except upon written approval of the ENGINEER.

Catalog data for equipment approved by the ENGINEER does not in any case supersede the Contract Documents. The acceptance by the ENGINEER shall not relieve the CONTRACTOR from responsibility for deviations from Plans or Specifications, unless he has called the ENGINEER's attention, in writing, to such deviations at the time of submission, nor shall it relieve him from responsibility for errors of any sort in the items submitted. The CONTRACTOR shall check the work described by the catalog data with the Contract Documents for deviations and errors.

It shall be the responsibility of the CONTRACTOR to insure that items to be furnished fit the space available. He shall make necessary field measurements to ascertain space requirements, including those for connections, and shall order such sizes and shapes of equipment that the field installation shall suit the true intent and meaning of the Plans and Specifications.

Where equipment requiring different arrangement of connections from those shown is approved, it shall be the responsibility of the CONTRACTOR to install the equipment to operate properly, and in harmony with the intent of the Plans and Specifications, and to make all changes in the work required by the different arrangement of connections at his own expense.

ARTICLE 3 **ENGINEER-CITY-CONTRACTOR RELATIONS**

3.1 ENGINEER'S RESPONSIBILITY AND AUTHORITY

All work shall be performed to the satisfaction of the ENGINEER and CITY. All work done shall be subject to the construction review of the ENGINEER or CITY, or both. Any and all technical questions which may arise as to the quality and acceptability of materials furnished,

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

work performed, or work to be performed, interpretation of Plans and Specifications and all technical questions as to the acceptable fulfillment of the Contract on the part of the CONTRACTOR shall be referred to the ENGINEER who will resolve such questions:

3.2 ENGINEER'S DECISION

All claims of a technical nature of the CONTRACTOR shall be presented to the ENGINEER for resolution and be approved by CITY. The CITY's construction ENGINEER will decide all questions, difficulties, and disputes, of whatever nature, which may arise relative to the interpretation of the plans, construction, prosecution and fulfillment of the Contract, and as to the character, quality, amount, and value of any work done, and materials furnished, under or by reason of the Contract.

3.3 SUSPENSION OF WORK

The CITY or the ENGINEER shall have the authority to suspend the work wholly or in part, for such periods as may be deemed necessary and for whatever cause, to include but not be limited to,

unsuitable weather or such other conditions as are considered unfavorable for prosecution of the work, or failure on the part of the CONTRACTOR to carry out the provisions of the Contract or to supply materials meeting the requirements of the Specifications, or the action of a governmental agency, by serving written notice of suspension to the CONTRACTOR. In the event that the ENGINEER shall become aware of any condition that may be cause for suspension of the work, the ENGINEER shall immediately advise the CITY of such condition. The CONTRACTOR shall not suspend operations under the provisions of this Paragraph without the CITY's permission, or direction.

The ENGINEER has the authority to suspend the CONTRACTOR's operations, wholly or in part with the CITY's permission. The ENGINEER will order such suspension in writing giving in detail the reasons for the suspension. Contract time will be charged during all suspension of CONTRACTOR's operations. The CITY may grant an extension of contract time in accordance with FDOT Standard Specification Section 8-7.3.2 when determined appropriate in the CITY's sole judgment.

Neither additional compensation nor a time extension will be paid or granted to the CONTRACTOR when the operations are suspended for the following reasons:

- A. The CONTRACTOR fails to comply with the Contract Documents.
- B. The CONTRACTOR fails to carry out orders given by the ENGINEER.
- C. The CONTRACTOR causes conditions considered unfavorable for continuing the work.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

CONTRACTOR Shall Immediately Comply With any Suspension Order: Do not resume operations until authorized to do so by the ENGINEER in writing. Any operations performed by the CONTRACTOR, and otherwise constructed in conformance with the provisions of the contract, after issuance of the suspension order and prior to the ENGINEER's authorization to resume operations will be at no cost to the CITY. Further, failure to immediately comply with any suspension order will also constitute an act of default by the CONTRACTOR and is deemed sufficient basis in and of itself for the CITY to declare the CONTRACTOR in default, in accordance with FDOT Standard Specification Section 8-9, with the exception that the CONTRACTOR will not have ten calendar days to correct the conditions for which the suspension was ordered.

Prolonged Suspensions: If the ENGINEER suspends the CONTRACTOR's operations for an indefinite period, CONTRACTOR shall store all materials in such manner that they will not obstruct or impede the traveling public unnecessarily or become damaged in any way. Take every reasonable precaution to prevent damage to or deterioration of the work performed. CONTRACTOR shall provide suitable drainage of the roadway by opening ditches, shoulder drains, etc., and provide any temporary structures necessary for public travel through the project.

Permission to Suspend CONTRACTOR's Operations: CONTRACTOR shall not suspend operations or remove equipment or materials necessary for completing the work without obtaining

the ENGINEER's written permission. CONTRACTOR shall submit all requests for suspension of operations in writing to the ENGINEER, and identify specific dates to begin and end the suspension. The CONTRACTOR is not entitled to any additional compensation for suspension of operations during such periods.

Suspension of CONTRACTOR's Operations - Holidays: Unless the CONTRACTOR submits a written request to work on a holiday at least ten days in advance of the request date and receives written approval from the ENGINEER, the CONTRACTOR shall not work on the following days: Martin Luther King, Jr. Day; Memorial Day; the Saturday and Sunday immediately preceding Memorial Day; Independence Day; Labor Day, the Friday, Saturday, and Sunday immediately preceding Labor Day; Veterans Day; Thanksgiving Day; the Friday, Saturday and Sunday immediately following Thanksgiving Day; and December 24 through January 2, inclusive. Contract Time will be charged during these holiday periods regardless of whether or not the CONTRACTOR's operations have been suspended. The CONTRACTOR is not entitled to any additional compensation for suspension of operations during such holiday periods.

During such suspensions, remove all equipment and materials from the clear zone, except those required for the safety of the traveling public and retain sufficient personnel at the job site to properly meet the requirements of FDOT Standard Specification Sections 102 and 104. The CONTRACTOR is not entitled to any additional compensation for the removal of equipment from clear zones or for compliance with FDOT Standard Specification Sections 102 and 104 during such holiday periods.

3.4 CONSTRUCTION REVIEW OF WORK

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

The ENGINEER may appoint such assistants and representatives as he desires. These assistants and representatives are authorized to inspect all work done and all materials furnished. Such inspection may extend to all or any part of the work and to the manufacture, preparation, or fabrication of the materials to be used. Such assistants and representatives are not authorized to revoke, alter, or waive any requirement of these specifications. Rather, they are authorized to call to the attention of the CONTRACTOR any failure of the work or materials to meet the contract documents, and have the authority to reject materials or suspend the work until any questions at issue can be referred to and decided by the ENGINEER. The ENGINEER will immediately notify the CONTRACTOR in writing of any suspension of the work, stating in detail the reasons for the suspension. The presence of the inspector or other assistant in no way lessens the responsibility of the CONTRACTOR.

3.5 FIELD TESTS AND PRELIMINARY OPERATION

Provide the ENGINEER with free entry at all times to such parts of the plant that concern the manufacture or production of the materials ordered, and bear all costs incurred in providing all reasonable facilities to assist the ENGINEER in determining whether the material furnished meets the requirements of these Specifications.

3.6 EXAMINATION OF COMPLETED WORK

The CITY/ENGINEER may request an examination of completed work of the CONTRACTOR at any time before acceptance by the ENGINEER of the work and shall remove or uncover such portions of the finished work as may be directed. After examination, the CONTRACTOR shall restore said portions of the work to the standard required by the Specifications. Should the work thus exposed or examined prove acceptable, the uncovering or removing and the replacing of the covering or making good of the parts removed shall be paid for as extra work, but should the work so exposed or examined prove unacceptable, the uncovering, removing and replacing shall be at the CONTRACTOR's expense.

Do not perform work or furnish materials without obtaining inspection by the ENGINEER or his representative. Furnish the ENGINEER with every reasonable facility for ascertaining whether the work performed and materials used are in accordance with the requirements and intent of the contract documents. If the ENGINEER, so requests, at any time before final acceptance of the work remove or uncover such portions of the finished work as directed. After examination, restore the uncovered portions of the work to the standard required by the contract documents. If the CITY or ENGINEER determines that the work so exposed or examined is unacceptable, perform the uncovering or removal, and the replacing of the covering or making good of the parts removed, at no expense to the CITY. However, if the ENGINEER determines that the work thus exposed or examined is acceptable, the CITY will pay for the uncovering or removing, and the replacing of the covering or making good of the parts removed in accordance with Paragraph 4-6.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

If, during or prior to construction operations, the ENGINEER fails to reject defective work or materials, whether from lack of discovery of such defect or for any other reason, such initial failure to reject in no way prevents the later rejection when such defect is discovered, or obligates the CITY to final acceptance. The CITY is not responsible for losses suffered due to any necessary removals or repairs of such defects.

If the CONTRACTOR fails or refuses to remove and renew any defective materials used or work performed, or to make any necessary repairs in an acceptable manner and in accordance with the requirements of the contract within the time indicated in writing, the ENGINEER has the authority to repair, remove, or renew the unacceptable or defective materials or work as necessary, all at the CONTRACTOR's expense. The CITY will obtain payment for any expense it incurs in making these repairs, removals, or renewals, that the CONTRACTOR fails or refuses to make, by deducting such expenses from any moneys due or which may become due the CONTRACTOR, or by charging such amounts against the contract bond.

3.7 CONTRACTOR'S SUPERINTENDENT

A qualified superintendent, who is acceptable to the CITY and or ENGINEER shall be maintained on the project and give sufficient supervision to the work until its completion. The superintendent shall have full authority to act on behalf of the CONTRACTOR, and all communications given to the superintendent shall be considered given to the CONTRACTOR. All such communications shall be in writing, either prior to giving direction or subsequent to giving the direction.

3.8 PRIVATE PROPERTY

The CONTRACTOR shall not enter upon private property for any purpose without obtaining permission, in writing, from the property Owner thereof, and supply same to ENGINEER for Project documentation. Further, he shall be responsible for the preservation of all public trees, monuments, etc., along and adjacent to the street and/or right-of-way, and shall use every precaution necessary to prevent damage or injury thereto. He shall use suitable precautions to prevent damage to pipes, conduits and other underground structures, and shall protect carefully from disturbance or damage all monuments and property marks until a land surveyor has witnessed or otherwise referenced their location and shall not remove them until so directed by the ENGINEER in writing.

CONTRACTOR shall be responsible for any damage caused by CONTRACTOR entering upon private property; the CONTRACTOR shall be responsible for all damages to private property as a result of construction in the vicinity of the private property.

3.9 CITY'S RIGHT TO TERMINATE CONTRACT AND COMPLETE WORK

The following acts or omissions constitute acts of default, and (except as to subparagraphs I and K) the CITY will give notice, in writing, to the CONTRACTOR and his surety for any delay, neglect or default, if the CONTRACTOR:

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

- A. Fails to begin the work under the Contract within the time specified in the Contract.
- B. Fails to perform the work with sufficient workmen and equipment or with sufficient materials to ensure prompt completion of the Contract.
- C. Performs the work unsuitably, or neglects or refuses to remove materials or to perform anew such work that the ENGINEER rejects as unacceptable and unsuitable.
- D. Discontinues the prosecution of the work, or fails to resume discontinued work within a reasonable time after the ENGINEER notifies the CONTRACTOR to do so.
- E. Becomes insolvent or is declared bankrupt, or files for reorganization under the bankruptcy code, or commits any act of bankruptcy or insolvency, either voluntarily or involuntarily.
- F. Allows any final judgment to stand against him unsatisfied for a period of ten calendar days.
- G. Makes an assignment for the benefit of creditors.
- H. Fails to comply with contract requirements regarding minimum wage payments or EEO requirements.
- I. Fails to comply with the ENGINEER's written suspension of work order within the time allowed for compliance and which time is stated in that suspension of work order.
- J. For any other cause whatsoever, fails to carry on the work in an acceptable manner, or if the surety executing the bond, for any reasonable cause, becomes unsatisfactory in the opinion of the CITY.
- K. Fails to comply with FDOT Standard Specification Section 3.9.

For a notice based upon reasons stated in Subparagraphs A through H and J: If the CONTRACTOR, within a period of ten (10) calendar days after receiving the written notice described above fails to correct the conditions of which complaint is made, the CITY will, upon written certificate from the ENGINEER of the fact of such delay, neglect, or default and the CONTRACTOR's failure to correct such conditions, have full power and authority, without violating the contract, to take the prosecution of the work out of the hands of the CONTRACTOR and declare the CONTRACTOR in default.

If the CONTRACTOR, after having received a prior written notice described above for any reason stated in Subparagraphs B through F or H, commits a second or subsequent act of default for any reason covered by the same Subparagraphs B through F or H as stated in the prior notice, and regardless whether the specific reason is the same; then, regardless of whether the CONTRACTOR has cured the deficiency stated in that prior notice, the CITY will, upon written certificate from the ENGINEER of the fact of such delay, neglect or default and the CONTRACTOR's failure to correct such conditions, have full power and authority, without any prior written notice to the CONTRACTOR and without violating the contract, to take the prosecution of the work out of the hands of the CONTRACTOR and to declare the CONTRACTOR in default.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

Regarding Subparagraph I, if the CONTRACTOR fails to comply with the ENGINEER's written suspension of work order within the time allowed for compliance and which time is stated in that suspension of work order, the CITY will, upon written certificate from the ENGINEER of the fact of such delay and the CONTRACTOR's failure to correct that condition, have full power and authority, without violating the contract, to immediately take the prosecution of the work out of the hands of the CONTRACTOR and to declare the CONTRACTOR in default.

Regarding Subparagraph K, if the CONTRACTOR fails to comply with Paragraph 3-9, the CITY will have full power and authority, without violating the contract, to immediately take the prosecution of the work out of the hands of the CONTRACTOR and to declare the CONTRACTOR in default.

The CITY has no liability for anticipated profits for unfinished work on a contract that the CITY has determined to be in default.

Notwithstanding the above, the CITY shall have the right to declare the CONTRACTOR (or its "affiliate") in default and immediately terminate this contract, without any prior notice to the CONTRACTOR, in the event the CONTRACTOR (or its "affiliate") is at any time "convicted" of a "contract crime," as these terms are defined in Section 337.165(a), Florida Statutes. The CITY's right to default the CONTRACTOR (or its "affiliate") for "conviction" of a "contract crime" shall extend to and is expressly applicable to any and all CITY contracts that were either advertised for bid; for which requests for proposals or letters of interest were requested; for which an intent to award was posted or otherwise issued; for which a contract was entered into, after the date that the underlying or related criminal indictment, criminal information or other criminal charge was filed against the CONTRACTOR (or its "affiliate") that resulted in the "conviction." In the event the CITY terminates this contract for this reason, the CONTRACTOR shall hereby forfeit any claims for additional compensation, extra time, or anticipated profits.

The CONTRACTOR shall only be paid for any completed work up to the date of termination. Further, the CONTRACTOR shall be liable for any and all additional costs and expenses the CITY incurs in completing the contract work after such termination.

Upon the declaration of default, the CITY will have full power to appropriate or use any or all suitable and acceptable materials and equipment on the site and may enter into an agreement with others to complete the work under the contract, or may use other methods to complete the work in an acceptable manner. The CITY will charge all costs that the CITY incurs because of the CONTRACTOR's default, including the costs of completing the work under the contract, against the CONTRACTOR. If the CITY incurs such costs in an amount that is less than the sum that would have been payable under the contract had the defaulting CONTRACTOR completed the work then the CITY will pay the difference to the defaulting CONTRACTOR. If the CITY incurs such costs in an amount that exceeds the sum that would have been payable under the contract, then the CONTRACTOR and the surety shall be liable and shall pay the CITY the amount of the excess.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

If, after the ten (10) day notice period and prior to any action by the CITY to otherwise complete the work under the contract, the CONTRACTOR establishes his intent to prosecute the work in accordance with the CITY's requirements, then the CITY may allow the CONTRACTOR to resume the work, in which case the CITY will deduct from any monies due or that may be come due under the contract, any costs to the CITY incurred by the delay, or from any reason attributable to the delay.

3.10 RIGHTS OF VARIOUS INTERESTS

Wherever work being done by the CITY or by other CONTRACTORS is contiguous to work covered by the Contract, the respective rights of the various interests involved shall be established by the CITY, to secure the completion of the various portions of the work in general harmony.

3.11 SEPARATE CONTRACTS

The CITY may let other contracts in connection with the work of the CONTRACTOR. The CONTRACTOR shall cooperate with other CONTRACTORS with regard to storage of materials and execution of their work. It shall be the CONTRACTOR's responsibility to inspect all work by other CONTRACTORS affecting his work and to report to the ENGINEER any irregularities, which will not permit him to complete his work in a satisfactory manner. His failure to notify the ENGINEER of such irregularities shall indicate the work of other CONTRACTORS has been satisfactorily completed to receive his work. It shall be the responsibility of the CONTRACTOR to inspect the completed work in place and report to the ENGINEER immediately any difference between completed work by others and the Plans.

If CONTRACTOR is found to be responsible for damages or delays to the work performed by other contractors, CONTRACTOR shall be required to make good any such damages or delays.

3.12 SUBCONTRACTS AND PURCHASE ORDERS

Prior to signing the Contract or at the time specified by the CITY, the CONTRACTOR shall submit in writing to the ENGINEER the names of the subcontractors proposed for the work. Subcontractors may not be changed except at the request or with the approval of the ENGINEER.

The CONTRACTOR is responsible to the CITY for the acts and omissions of his subcontractors and their direct or indirect employees, to the same extent as he is responsible for the acts and omissions of his employees. The Contract Documents shall not be construed as creating a contractual relation between any subcontractors and the CITY. The CONTRACTOR shall bind every subcontractor by the terms of the Contract Documents.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

For convenience of reference the Specifications are separated into paragraphs. Such separations shall not, however, operate to make the ENGINEER or CITY an arbiter to establish limits to the contracts between the CONTRACTOR and Subcontractors.

3.13 WORKS DURING AN EMERGENCY

The CONTRACTOR shall perform any work and shall furnish and install materials and equipment necessary during an emergency endangering life or property. In all cases, he shall notify the ENGINEER and CITY of the emergency as soon as practicable, but he shall not wait for instructions before proceeding to properly protect both life and property.

3.14 ORAL AGREEMENTS

No oral order, objection, claim, or notice by any party to the others shall affect or modify any of the terms or obligations contained in any of the Contract Documents, and none of the provisions of the Contract Documents shall be held to be waived or modified by reason of any act whatsoever, other than by a definitely agreed waiver or modification thereof in writing, and no evidence shall be introduced in any proceeding of any other waiver or modification.

3.15 NIGHT, SATURDAY, SUNDAY, AND/OR HOLIDAY WORK; CITY RIGHT-OF-WAY

The standard hours of work allowed in the City of Port St. Lucie's right-of-way are from 7:00 a.m. to sundown Monday through Friday. Any work performed by the CONTRACTOR outside of the aforementioned time limit requires special authorization by the CITY and requires that the CONTRACTOR obtain a noise permit from the City Police Department. All equipment operated at night shall comply with the noise levels established by the City of Port St. Lucie noise ordinance. Any additional costs associated with work outside of the hours of work allowed shall be borne by the CONTRACTOR. This shall include, but not be limited to costs of inspection, testing, police assistance, and construction administration.

All night, Saturday, Sunday, and/or Holiday work must be authorized by the CITY and requires that the CONTRACTOR obtain a noise permit from the City Police Department. All night work within the CITY's right-of-way requires a minimum 48-hour prior notice to the CITY. This

clause shall not pertain to crews organized to perform maintenance work on equipment or to operate and maintain special equipment such as dewatering pumps, which may be required to work 24 hours per day.

3.16 UNAUTHORIZED WORK

Work done without lines and/or grades having been established, work done without proper inspection, or any changes made or extra work done without written authority will be done at the CONTRACTOR's risk and will be considered unauthorized, and, at the option of the ENGINEER, may not be measured and paid for.

GENERAL REQUIREMENTS

3.17 USE OF COMPLETED PORTIONS OF THE WORK

The CITY shall have the right to use, occupy, or place into operation any portion of the work that has been completed sufficiently to permit safe use, occupancy, or operation, as determined by the ENGINEER.

3.18 CONTRACTOR'S RESPONSIBILITY FOR WORK

Until acceptance of the work by the CITY, it shall be under the charge and care of the CONTRACTOR, and he shall take every necessary precaution against injury or damage to the work by the action of the elements or from any other cause whatsoever, whether arising from the execution or from the non-execution of the work. The CONTRACTOR shall rebuild, repair, restore and make good, without additional compensation, all injury or damage to any portion of the work occasioned by any of the above causes before its completion and acceptance.

CONTRACTOR'S Responsibility for Work. Until the CITY's acceptance of the work, take charge and custody of the work, and take every necessary precaution against injury or damage to the work by the action of the elements, or from any other cause whatsoever, arising either from the execution or from the non-execution of the work. Rebuild, repair, restore, and make good, without additional expense to the CITY, all injury or damage to any portion of the work occasioned by any of the above causes before its completion and acceptance, except that in case of extensive or catastrophic damage, the CITY may, at its discretion, reimburse the CONTRACTOR for the repair of such damage due to the unforeseeable causes beyond the control of and without the fault or negligence of the CONTRACTOR, including but not limited to Acts of God, of the public enemy, or of governmental authorities.

ARTICLE 4
MATERIALS AND WORKMANSHIP

4.1 GENERAL

All materials and workmanship shall meet the requirements of the City of Port St. Lucie Codes and Technical Specifications, the Florida Department of Environmental Protection requirements, and the Florida Department of Transportation "Standard Specifications for Road and Bridge Construction Specifications; latest Edition"; the "Design Standards, latest Edition", these

Contract Documents, and all applicable FDOT standards, manuals, and procedures and the City of Port St. Lucie Utility Systems Department technical specifications and construction standards.

4.2 MATERIALS FURNISHED BY THE CONTRACTOR

- A. All materials used in the work shall meet the requirements of the respective Specifications, and no materials shall be used until it has been approved in writing by the ENGINEER.

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

- B. Wherever the specifications call for an item of material or equipment by a manufacturer's name and type, and additional features of the item are specifically required by the specifications, the additional features specified shall be provided whether or not they are normally included in the standard manufacturer's item listed.
- C. Wherever the specifications call for an item of material or equipment by a manufacturer's name and type, and the specified item becomes obsolete and is no longer available, the CONTRACTOR shall provide a substitute item which is acceptable to the ENGINEER and CITY and is currently available, at no change in Contract Price.
- D. Source of Supply and Quality Requirements.
1. Only Approved Materials to be Used. Use only materials in the work that meet the requirements of these specifications, and have the ENGINEER's approval. The ENGINEER may inspect or test any materials proposed for use at any time during their preparation and use. Do not use any material that, after approval, has in any way become unfit for use in the work. Do not use materials containing asbestos.
 2. Notification of Placing Order. Give sufficient notification prior to placing orders for materials, and order materials sufficiently in advance of their incorporation in the work to allow time for sampling and testing.
 3. Notification of Quality Assurance Inspection Arrangements for Fabrication of Critical Items. Submit to the ENGINEER a fabrication schedule for all items requiring commercial inspection, before or at the pre-construction meeting. These items include, but are not limited to steel bridge components, overhead cantilevered sign supports with cantilevered arms exceeding 45 feet (14 m), moveable bridge components or any other item identified as an item requiring commercial inspection in the contract documents.
 4. Approval of Source of Supply. Before delivering material obtain the ENGINEER's approval of the source of supply. Submit for examination representative preliminary samples, of the character and quantity prescribed.

The CITY will test the samples in accordance with the method referred to under FDOT Standard Specification Section S6-5 and Division III. If, after trial, the CITY determines that an approved source of supply does not contain a uniform, acceptable product, or the product from any source is unacceptable at any time, furnish material from other approved sources.

EXHIBIT "A"
SB-20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

Use only mineral aggregates that are produced under a Department approved Producer Quality Control Program (QC) that is in accordance with the Department's requirements and procedures for obtaining and maintaining Department approval of developed and operational mineral aggregate sources (mines and redistribution terminals), and with the Department's Mineral Aggregate Manual. Furnish an individual certification with each haul unit load of materials shipped, attesting that those specific materials were produced under a Department-approved QC and that they fully meet the requirements of these specifications.

Do not use materials that were produced after July 1, 1991, by convict labor for federal-aid highway construction projects unless the prison facility has been producing convict-made materials for the federal-aid highway construction projects before July 1, 1987. Use materials that were produced prior to July 2, 1991, by convicts on federal-aid highway construction projects free from the restrictions placed on the use of these materials by 23 U.S.C. 114.

The CITY will limit the use of materials produced by convict labor for use in federal-aid highway construction projects to (1) materials produced by convicts on parole, supervised release, or probation from a prison, or (2) materials produced in a qualified prison facility. The amount of such materials produced for federal-aid highway construction during any 12-month period shall not exceed the amount produced in such facility for use in such construction during the 12-month period ending July 1, 1987.

E. Inspection and Tests at Source of Supply

1. General. If the volume, progress of the work, and other considerations warrant, the ENGINEER may inspect the materials at the source of supply.
2. Cooperation by the CONTRACTOR. Provide the ENGINEER with free entry at all times to such parts of the plant that concern the manufacture or production of the materials ordered, and bear all costs incurred in providing all reasonable facilities to assist the ENGINEER in determining whether the material furnished meets the requirements of these specifications.
3. CITY Not Obligated to Make Inspection at Source. The CITY is not obligated to make an inspection of materials at the source of supply. The CONTRACTOR is fully responsible for supplying satisfactory materials.
4. Retest of Materials. The CITY may retest materials that it has tested and accepted at the source of supply, after they have been delivered to the project. The CITY will reject all materials that, when retested, do not meet the requirements of these specifications.

EXHIBIT "A"
SB.20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

F. Control by Samples and Tests.

1. **Materials to be Tested, Samples.** The ENGINEER may test materials by means of samples, or otherwise, at production points and after delivery. The CITY will perform and pay for such tests. Afford such facilities as the ENGINEER requires for collecting and forwarding samples, and do not make use of, or incorporate in the work, any materials represented by the samples until the ENGINEER tests and finds the materials acceptable. Furnish and deliver the required material necessary to take samples, to the point that the ENGINEER designates, at no expense to the CITY.
2. **Pavement Samples:** For both based course and surface course pavements, furnish samples taken from the completed work at any location that the ENGINEER indicates, and immediately replace the areas so removed with materials and construction that meet the requirements of these specifications and to the line and grade of the immediate surrounding pavement surface. The CITY will not allow additional compensation for furnishing such samples and replacing the areas with new pavement.
3. **Applicable Standards:** Methods of sampling and testing materials are in accordance with Florida Methods as covered therein. Otherwise, they shall be in accordance with standards of AASHTO, ASTM, or other criteria as specifically designated. Where an AASHTO, ASTM or other non-Florida Method is designated, and a Florida Method which is similar exists, the CITY will require sampling and testing in accordance with the Florida Method.

Whenever any Florida, AASHTO, ASTM or other standards are referenced in these specifications without identification of the specific time of issuance, use the most current issuance, including interims or addendums thereto, at the time of advertisement for bids for a project.

4. **Soil Bearing Tests:** The CITY will determine the bearing value of soils using the City's Florida Soil Bearing Tests or by the methods required for the Limerock Bearing Ratio Method, whichever is designated in the plans.
5. **Sieves.** Use sieves meeting the requirements of AASHTO M 92.
6. **Acceptance on Tests of Producer's Samples:** The CITY, in order to expedite the work, may accept certain materials on the basis of tests made on advance samples taken and submitted by the producer, provided that the ENGINEER

tests a representative number of samples of the material after the material arrives at the worksite and the CITY confirms that the material meets the requirements of these specifications. In the event that the ENGINEER's

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

tests of these samples do not substantiate those made on the advance samples submitted by the producer, and the ENGINEER determines that there is evidence that this privilege of expediting the use of the material is being abused, then the CITY will no longer extend this privilege to the such producer:

7. Preparation and Shipping of Samples: Attach a card to each producer's sample, showing the following information: Project designation, intended use of material, name of producer, source of supply, quantity represented by sample, date sampled, and any other information pertinent to the material or work. Use care in preparing and shipping samples. Check that packages are clean before placing material therein. Tie or close and securely wrap the packages.
8. Inspection at Plants: Provide the ENGINEER with access to all parts of all paving or other plants connected with the work to verify weights or proportions and character of materials, and to determine temperatures used in preparing materials and mixtures. Facilitate and assist in the ENGINEER's verification of the accuracy of all scales, measures, and other devices, and protect such devices from the wind and elements whenever such protection is necessary.
9. Aggregate Samples: The ENGINEER will select and take all samples from all aggregates entering into asphalt concrete mixes. Advise the ENGINEER as to location and source three weeks prior to the time the aggregates are needed for the design of the mix, so that the ENGINEER can arrange to take the samples.
10. Asphalt Concrete Mix Design: For the designs of asphalt concrete mixes that are to be provided by the CONTRACTOR, the CONTRACTOR will establish not more than three design mixes, without charge, for each type of mixture on any one contract.
11. Materials Accepted Based on Producer's Certification: Identify materials that the ENGINEER has accepted based on producers' certification by production LOT or other acceptable means that shows a direct tie between the certification and the material being used. The CITY will use such identification when doing verification testing. Ensure that the certification is signed by a legally responsible person from the producer and is provided on the producer's letterhead.
12. Materials Accepted Based on Manufacturer's Certification: The ENGINEER will accept certain manufactured products for use on CITY contracts upon receipt of a satisfactory certification stating that the product meets the acceptance criteria requirements of the CITY's specifications. Manufactured products whose acceptance is based on a manufacturer's certification are so identified in the appropriate Division III Sections of the

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

FDOT Standard Specifications. The ENGINEER reserves the right to sample these materials in accordance with the provisions of this specification.

13. Manufacturer's may obtain the sample certification forms through the Department's web site.
14. It is the sole responsibility of the CONTRACTOR to obtain, verify completeness and submit the certification to the ENGINEER before incorporating such manufactured products into the project.

4.3 SUBSTITUTION OF EQUIPMENT AND/OR MATERIAL

- A. After the execution of the Contract, the substitution of equipment and/or material for that specified will be considered if:
 1. The equipment and/or materials proposed for substitution is determined by the ENGINEER to be equal or superior to that specified in the Contract and is approved by the CITY.
 2. The equipment and/or material proposed for substitution is less expensive than that specified and that such savings to the CITY, as proposed by the CONTRACTOR, are submitted with the request for substitution. If the substitution is approved, the Contract price shall be reduced accordingly.
 3. The equipment and/or material proposed for substitution is readily available and its delivery and use, if approved as a substitution, will not delay the scheduled start and completion of the specified work for which it is intended or the scheduled completion of the entire work to be completed under the contract.
- B. No request will be considered unless submitted in writing to the ENGINEER and approval by the ENGINEER must also be in writing. To receive consideration, requests for substitutions must be accompanied by documentary proof of the actual difference in cost to the CONTRACTOR in the form of quotations to the CONTRACTOR covering the original equipment and/or material, and also equipment and/or material proposed for substitution or other proof satisfactory to the ENGINEER.
- C. It is the intention that the CITY shall receive the full benefit of the saving in cost involved in any substitution.
- D. In all cases, the burden of providing adequate proof that the equipment and/or material offered for substitution is equal or superior in construction and/or efficiency to that named in the Contract shall rest on the CONTRACTOR and the proof will be submitted to the ENGINEER. Request for substitution of equipment and/or material which the CONTRACTOR cannot prove to the satisfaction of the

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

ENGINEER to be equal or superior in construction and/or efficiency to that named in the Contract will not be approved.

4.4 STORAGE OF MATERIALS (CONTRACTOR AND CITY FURNISHED)

Outdoor storage space may not be available at project site. Materials shall be stored so as to incur the preservation of their quality and fitness for the work, to facilitate prompt inspection, and to minimize noise impacts on sensitive receivers. More detailed specifications concerning the storage of specific materials are prescribed under the applicable specifications. The CITY may reject improperly stored materials. Private property shall not be used for storage purposes unless permitted by the Private Property Owner.

If the CITY allows, the CONTRACTOR may use a portion of the right-of-way for storage purposes and for placing the CONTRACTOR's plant and equipment. Use only the portion of right-of-way that is outside the clear zone, which is the portion not required for public vehicular or pedestrian travel.

The CONTRACTOR shall be responsible for securing an area appropriate for storage. The costs for incidental work efforts necessary by the CONTRACTOR in order to prepare the storage site shall be included in the various bid items. The site shall be fenced, and be maintained to a level that will not create hazardous conditions to the surrounding area, and shall maintain vegetative growth on the perimeter of area. The CITY is not responsible for loss of or damage to stored materials.

4.5 CHARACTER OF WORKMEN

The CONTRACTOR shall at all times be responsible for the conduct and discipline of his employees and/or any subcontractor or persons employed by subcontractors. All workmen must have sufficient knowledge, skill and experience to perform properly the work assigned to them. Any superintendent, foreman, or workman employed by the CONTRACTOR or subcontractors who, in the opinion of the ENGINEER or the CITY, does not perform his work in a skillful manner, or appears to be incompetent or to act in a disorderly or intemperate manner shall, at the written request of the CITY, be removed from the project immediately and shall not be employed again in any portion of the work without the approval of the CITY.

Provide competent, careful, and reliable superintendents, foreman and workmen. Provide workmen with sufficient skill and experience to properly perform the work assigned to them. Provide workmen engaged on special work, or skilled work, such as bituminous courses or mixtures, concrete bases, pavements, or structures, or in any trade, with sufficient experience in such work to perform it properly and satisfactorily and to operate the equipment involved. Provide workmen that shall make due and proper effort to execute the work in the manner prescribed in the Contract Documents, or the ENGINEER may take action as prescribed below.

Whenever the ENGINEER determines that any person employed by the CONTRACTOR is incompetent, unfaithful, intemperate, disorderly, or insubordinate, the ENGINEER will provide written notice and the CONTRACTOR shall remove from the project the person from the work. Do not employ any discharged person on the project without the written consent of the ENGINEER. If the CONTRACTOR fails to remove such person or persons, the ENGINEER may withhold all

EXHIBIT "A"
SB 20120008

GENERAL REQUIREMENTS

estimates that are or may become due, or suspend the work until the CONTRACTOR complies with such orders. Protect, defend, indemnify, and hold the CITY, its agents, officials, and employees harmless from all claims, actions, or suit arising from such removal, discharge, or suspension of employees.

It is prohibited as a conflict of interest for a CONTRACTOR to subcontract with a consultant to perform CONTRACTOR Quality Control when the consultant is under contract with the CITY to perform work on any project described in the CONTRACTOR's contract with the CITY. Prior to approving a consultant for CONTRACTOR Quality Control, the CONTRACTOR shall submit to the CITY a certificate from the proposed consultant certifying that no conflict of interest exists.

4.6 REJECTED WORK AND MATERIAL

Any materials, equipment or work, which does not satisfactorily meet the Specifications, may be condemned by the ENGINEER or CITY by giving a written notice to the CONTRACTOR. All condemned materials; equipment or work shall be promptly taken out and replaced.

All materials which do not conform to the requirements of the Contract Documents, are not equal to samples approved by the ENGINEER, or are in any way unsatisfactory or unsuited to the purpose, for which they are intended, shall be rejected. Any defective work whether the result of poor workmanship; use of defective materials, damaged through carelessness or from other cause shall be removed within five (5) days after written notice is given by the ENGINEER, and the work shall be re-executed by the CONTRACTOR at his expense. The fact that the ENGINEER or the CITY may have previously overlooked such defective work shall not constitute an acceptance of any part of it. Should the CONTRACTOR fail to remove rejected work or materials within five (5) days after written notice to do so, the CITY may remove them and may store the materials. Costs for such removal will be the responsibility of the CONTRACTOR. Satisfaction of warranty work after final payment shall be in accordance with the General Requirements.

4.7 DEFECTIVE MATERIALS

The CITY will consider the following materials as defective. All materials not meeting the requirements of these specifications; segregated materials, even though previously tested and approved; materials that are or have been improperly stored; and materials that are mixed with an excess of clay, coal, sticks, burlap, hay, straw, loam or earth, or other debris. The ENGINEER will reject all such materials, whether in place or not. Remove all rejected material immediately from the site of the work and from storage areas, at no expense to the CITY. Do not use rejected material, the defects of which have been subsequently corrected, until the ENGINEER has approved the material's use. Upon failure to comply promptly with any order of the ENGINEER made under the provisions of this article, the ENGINEER will remove and replace defective material and deduct the cost of removal and replacement from any moneys due or to become due the CONTRACTOR.

As an exception to the above, the CONTRACTOR may submit, upon approval of the ENGINEER, an engineering and/or laboratory analysis to evaluate the effect of the defective in place materials. Any such analysis shall be performed by a specialty engineer. The ENGINEER

EXHIBIT "A"
SB 20120008

GENERAL REQUIREMENTS

will determine the final disposition of the material after review of the information submitted by the CONTRACTOR. No additional monetary compensation or time extension will be granted for the impact of any such analysis or review.

The ENGINEER will consider any haul unit load of mineral aggregates received for a CITY project as defective without an individual certification as required by FDOT Standard Specification Section 6.4.

4.8 MANUFACTURER'S DIRECTION

Manufactured articles, materials and equipment shall be applied, installed, connected, erected, used, cleaned, and conditioned as directed by the manufacturer unless herein specified to the contrary.

4.9 CLEANING UP

The CONTRACTOR shall at all times keep the premises free from accumulation of waste materials or rubbish caused by his employees or work, and at the completion of the work he shall remove all his rubbish, tools, scaffolding and surplus materials and shall leave his work "broom clean" or its equivalent, unless more exactly specified. In case of noncompliance the CITY may remove the rubbish and charge the cost to the CONTRACTOR or such costs shall be deducted from any payments due the CONTRACTOR.

4.10 OWNERSHIP OF MATERIALS

CONTRACTOR shall be responsible for disposal costs of any structures, trees, or unsuitable fill within the project's limit. Any and all materials found within the limits of the project remain the property of the CONTRACTOR unless ownership is specifically conveyed to the CITY.

All material, equipment and work become the sole property of the CITY as installed. These provisions shall not be construed as relieving the CONTRACTOR from the sole responsibility for all materials and work for which payments have been made, for the restoration of damaged work, or as a waiver of right of the CITY to require the fulfillment of all the terms of the Contract.

4.11 GUARANTEE

The CONTRACTOR shall warrant all equipment and materials furnished and work performed for a period of one (1) year from the date of final written acceptance of the work by CITY. The CONTRACTOR shall assist the CITY in compiling all required information related to the CONTRACTOR's construction activities.

Satisfaction of warranty work after final payment shall be as provided in the General Requirements.

All equipment and material warranties or guarantees shall be drawn in favor of the CITY and the originals thereof furnished to the ENGINEER for review and acceptance prior to final payment.

ARTICLE 5
INSURANCE, LEGAL RESPONSIBILITY AND PUBLIC SAFETY

5.1 PATENTS AND ROYALTIES

If any design, device, material or process covered by letters, patent or copyright is used by the CONTRACTOR, he shall provide for such use by legal agreement with the CITY of the patent or a duly authorized licensee. The CONTRACTOR shall protect and hold harmless the CITY against any and all claims or litigation by reason of infringement of any patent rights on any materials, equipment or construction furnished or used by the CONTRACTOR.

5.2 LAWS TO BE OBSERVED

The CONTRACTOR shall give all notices and comply with all federal, state and local laws, ordinances and regulations in any manner affecting the conduct of the work, and all such orders and decrees as enacted by bodies or tribunals having any jurisdiction or authority over the work, and shall indemnify and save harmless the CITY and ENGINEER against any expense, claim or liability arising from, or based on, the violation of any such law, ordinance, regulation, order or decree, whether by himself or his employees.

The CONTRACTOR shall keep fully informed of all existing and pending state and national laws and municipal ordinances and regulations in any manner affecting those engaged or employed in the work, or in any way affecting the conduct of tribunals having any jurisdiction or authority over the same. If any discrepancy or inconsistency is discovered in the Plans, Specifications, or Contract for this work in relation to any such law, ordinance, regulations, order or decree, shall forthwith report the same to the ENGINEER and CITY in writing. The CONTRACTOR shall at all times observe and comply with and cause all their agents, subcontractors, and employees to observe and comply with any such law, ordinance, regulation, order or decree; and shall protect and indemnify the CITY and ENGINEER, their officers, employees, and agents against any expense, claim or liability arising from or based upon violation of any such law, ordinance, regulations, orders or decree, whether by himself or his employees.

All building construction work alterations, repairs or mechanical installations and appliances connected therewith shall comply with the applicable building rules and regulations, restrictions and reservations of record, local ordinances and such other statutory provisions pertaining to this class of work.

5.3 PROTECTION OF PERSONS AND PROPERTY

A. Safety Precautions and Programs

1. The CONTRACTOR shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work in accordance with the U.S. Department of Labor Occupational Safety and Health Act and the laws of the State of Florida.
2. This Contract requires that the CONTRACTOR and any and all subcontractors hired by the CONTRACTOR comply with all relevant standards of the Occupational

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

Safety and Health Act. Failure to comply with the Act constitutes a failure to perform.

3. The CONTRACTOR agrees to reimburse the CITY for any fines and/or court costs arising from penalties charged to the CITY for violations of OSHA committed by the CONTRACTOR or any and all Subcontractors.

B. Safety of Persons and Property

1. The CONTRACTOR shall take all reasonable precautions for the safety of, and shall provide all reasonable protection to prevent damage, injury or loss to all employees on the work and all other persons who may be affected thereby; all the work materials and equipment to be incorporated therein, whether in storage on or off the project site, under the care, custody or control of the CONTRACTOR or any of their Subcontractors; and other property on the project site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.
2. The CONTRACTOR shall be held fully responsible for such safety and protection until final written acceptance of the work.
3. The CONTRACTOR shall at all times so conduct their work as to insure the least possible obstruction to traffic and inconvenience to the general public and the residents in the vicinity of the work; and to insure the protection of persons and property in a manner satisfactory to the CITY. No road or street shall be closed to the public except with the permission of the CITY and proper governmental authority.

- C. Fire hydrants on or adjacent to the work shall be kept accessible to fire fighting equipment at all times. Temporary provisions shall be made by the CONTRACTOR to insure the use of sidewalks and the proper functioning of all gutters, sewer inlets, drainage ditches, swale liners, and irrigation ditches, which shall not be obstructed except as approved by the CITY. The CONTRACTOR shall comply with FDOT Standard Specifications 7-11.1 through 7-11.5.3.

5.4 CROSSING

When new construction crosses highways, railroads, streets or utilities under the jurisdiction of state, county, CITY or other public agency, public utility or private entity, the CITY through the ENGINEER shall secure written permission prior to the commencement of construction of such crossing. The CONTRACTOR will be required to furnish evidence of compliance with conditions of the permit from the proper authority before final acceptance of the work by CITY.

5.5 SANITARY PROVISION

The CONTRACTOR shall provide and maintain such sanitary accommodations for the use of their employees and those of his Subcontractors as may be necessary to comply with the requirements and regulations of the local and state departments of health and as directed by the ENGINEER or CITY, and shall follow the progression of the work effort. Following the period of necessity for such accommodations, they and all evidence affixed thereto shall be removed.

EXHIBIT "A"
SB:20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

5.6 WARNING SIGNS AND BARRICADES

The CONTRACTOR shall provide adequate signs, barricades, warning lights and flagmen, as required, and all such other necessary precautions for the protection of the work and the safety of the public. All barricades and obstructions shall be protected at night by lights that shall be kept in operation from sunset to sunrise. Suitable warning signs shall be so placed and illuminated at night as to show in advance where construction, barricades or detours exist. Warning signs and barricades shall be in conformance with the State of Florida, Manual of Traffic Control and Safe Practices for Street and Highway Construction, Maintenance and Utility Operations, and the MUTCD latest edition. A Maintenance of Traffic Plan shall be submitted by the CONTRACTOR to the CITY through the ENGINEER, for review and approval.

ARTICLE 6
PROGRESS AND COMPLETION OF WORK

6.1 START OF CONSTRUCTION

The CONTRACTOR shall commence work not later than ten (10) calendar days after the CITY's acceptance and date as identified in the Contract, or as specifically noted in the Contract. However, in no case shall the CONTRACTOR commence work until the CITY has been furnished and acknowledges receipt of the CONTRACTOR's Certificates of Insurance and a properly executed Performance and Payment bond as required. Failure to provide the Certificates of Insurance to the CITY within the ten (10) days, shall subject CONTRACTOR to days being deleted from the contract time for every day of delay, or the CITY may elect to terminate this Contract for failure to commence construction in a timely manner and the CITY may contract with another CONTRACTOR.

6.2 CONTRACT TIME

The CONTRACTOR shall complete, in an acceptable manner, all of the work covered by the Contract in the time stated in the Contract or consistent with any change orders properly expedited and approved by the CITY and its Council and the CONTRACTOR.

6.3 SCHEDULE OF COMPLETION

The CONTRACTOR's schedules shall reflect a logical sequence of the various components of work and the anticipated rates of production necessary to complete the work covered by the Contract on or before the completion date stated in the Contract. Said schedules shall be submitted within twenty-one (21) days of the execution of the Contract by the CITY, and shall be updated and resubmitted to the CITY by the twenty-fifth (25th) day of every month with the CONTRACTOR's pay request. Pay requests submitted without a revised Project Schedule will not be forwarded to the CITY for payment.

EXHIBIT "A"
SB.20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

6.4 COORDINATION OF CONSTRUCTION

The CONTRACTOR shall coordinate his work with other CONTRACTORS, the ENGINEER, CITY and Utilities to assure orderly and expeditious progress of work.

CONTRACTOR shall make his own arrangements for water and electrical service to meet his construction requirements.

6.5 PROTECTION OF EXISTING UTILITIES AND FACILITIES

All utilities and all structures of any nature, whether below or above ground, that may be affected by the work shall be protected and maintained by the CONTRACTOR and shall not be disturbed or damaged by him during the progress of the work; provided that, should the CONTRACTOR disturb, disconnect or damage any utility or any structure, all expenses of whatever nature arising from such disturbance or the replacement or repair and testing thereof shall be borne by the CONTRACTOR. FDOT Standard Specification Section 7-11.6, shall also apply.

6.6 CHANGES IN THE WORK

Any review for time changes shall be based upon time schedules submitted by the CONTRACTOR. The CITY may order changes in the work through additions, deletions or modifications without invalidating the Contract; however, any change in the scope of work or substitution of materials shall require the written approval of the ENGINEER. Compensation and time of completion affected by the change shall be adjusted at the time of ordering such change. New and unforeseen items of work found to be necessary and which cannot be covered by any item or combination of items for which there is a contract price shall be classed as changes in the work. The CONTRACTOR shall do such changes in the work and furnish such materials, labor and equipment as may be required for the proper completion of construction of the work contemplated. In the absence of such written order, no claim for changes in the work shall be considered.

Changes in the work shall be performed in accordance with these specifications where applicable and work not covered by the specifications or special provisions shall be done in accordance with specifications issued for this purpose. Changes in the work required in an emergency to protect life and property shall be performed by the CONTRACTOR as required. CONTRACTOR must notify CITY (within 24 hours) and must document that there was an emergency as soon as practical.

6.7 EXTENSION OF CONTRACT TIME

A delay beyond the CONTRACTOR's control occasioned by an "Act of God" may entitle the CONTRACTOR to an extension of time in which to complete the work as determined by the CITY provided, however, the CONTRACTOR shall immediately give written notice to the CITY of the cause of such delay. No extension of time shall be valid unless given in writing by the ENGINEER, and in all cases will be added at the end of the contract date, in the event the time becomes necessary for use. The CITY may grant an extension of Contract Time when a controlling item of work is delayed by factors not reasonably anticipated or foreseeable at the time of proposal. The CITY may allow such extension of time only for delays occurring during the Contract Time period or authorized extension of the Contract Time period. When failure by the CITY to fulfill an

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

obligation under the Contract results in delays to the controlling items of work, the CITY will consider such delays as a basis for granting a time extension to the Contract.

Whenever the ENGINEER suspends the CONTRACTOR's operations, as provided in Section 3.3, for reasons other than the fault of the CONTRACTOR, the Engineer will grant a time extension for any delay to a controlling item of work due to such suspension. The CITY will not grant time extensions to the CONTRACT for delays due to the fault or negligence of the CONTRACTOR.

The CITY does not include an allowance for delays caused by the effects of inclement weather or suspension of CONTRACTOR's operations due to holidays as defined in Section 3.3 in establishing Contract Time. The Engineer will continually monitor the effects of weather and, when found justified, grant time extensions on either a bimonthly or monthly basis. The Engineer will not require the CONTRACTOR to submit a request for additional time due to the effects of weather.

The CITY will grant time extensions, on a day for day basis, for delays caused by the effects of rains or other inclement weather conditions, related adverse soil conditions or suspension of operations due to holidays that prevent the CONTRACTOR from productively performing controlling items of work resulting in:

- (1) The CONTRACTOR being unable to work at least 50% of the normal workday on pre-determined controlling work items due to adverse weather conditions, holiday suspension; or
- (2) The CONTRACTOR must make major repairs to work damaged by weather, provided that the damage is not attributable to the CONTRACTOR's failure to perform or neglect; and provided that the CONTRACTOR was unable to work at least 50% of the normal workday on pre-determined controlling work items.

No additional compensation will be made for delays caused by the effects of inclement weather.

6.8 COMPLIANCE WITH TIME REQUIREMENTS

Commence work in accordance with the approved working schedule and provide sufficient labor, materials and equipment to complete the work within the time limit set forth in the proposal. Should the CONTRACTOR fail to furnish sufficient and suitable equipment, forces, and materials as necessary to prosecute the work in accordance with the required schedule, the ENGINEER may withhold all estimates that are, or may become due, or suspend the work until the CONTRACTOR corrects such deficiencies.

6.9 SUBMISSION OF WORKING SCHEDULE

Within ten (10) calendar days after the execution of the Contract by the CITY or at the preconstruction conference, whichever is earlier, submit to the CITY/ENGINEER a work progress schedule for the project. The CITY/ENGINEER will review and respond to the CONTRACTOR within fifteen (15) calendar days of receipt.

6.10 PROVISIONS FOR CONVENIENCE OF PUBLIC

EXHIBIT "A"
SB 20120008
ST. LUCIE NORTH DRAINAGE BASIN IMPROVEMENTS
GENERAL REQUIREMENTS

CONTRACTOR shall schedule construction operations to minimize any inconvenience to adjacent businesses or residences. Where necessary, the ENGINEER may require the CONTRACTOR to first construct the work in any areas along the project where inconveniences caused by construction operations would present a more serious handicap. In such critical locations, where there is no assurance of continuous effective prosecution of the work once the construction operations are begun, the ENGINEER may require the CONTRACTOR to delay removal of the existing (usable) facilities.

6.1.1 PRECONSTRUCTION CONFERENCE

Immediately after awarding the contract but before the CONTRACTOR begins work, the ENGINEER will schedule a preconstruction conference at a place the ENGINEER designates to review and discuss the construction aspects of the project. CONTRACTOR attendance at this meeting is required, along with the CITY and the various utility companies that will be involved with the project construction.

ARTICLE 7 MEASUREMENT AND PAYMENT

7.1 PAYMENT

Payment shall be made at the Unit Prices or Lump Sum Prices as depicted in the Schedule of Contract Prices, and as outlined hereafter. These prices shall be full compensation for all costs associated with completion of all work in full conformity with the requirements as stated or shown, or both, by the Contract Documents. The cost of any item(s) of work which is not covered by a definite Unit Price or Lump Sum Price shall be included in the Unit Price or Lump Sum Price to which the item(s) is most applicable.

7.2 ERROR IN LUMP SUM QUANTITY

Where the CITY designates the pay quantity for an item to be a lump sum and the plans show an estimated quantity, the CITY will adjust the lump sum compensation only in the event that either the CONTRACTOR submits satisfactory evidence or the CITY determines and furnishes satisfactory evidence that the lump sum quantity shown is in substantial error as defined in FDOT Standard Specification Section 9-3.2.1.

7.3 DEVIATION FROM PLAN DIMENSIONS

If the CONTRACTOR fails to construct any item to plan or to authorized dimensions within the specified tolerances, the ENGINEER, at his discretion will: require the CONTRACTOR to reconstruct the work to acceptable tolerances at no additional cost to the CITY; accept the work and provide the CONTRACTOR no pay; or accept the work and provide the CONTRACTOR a reduced final pay quantity or reduced unit price. The CITY will not make reductions to final pay quantities for those items designated to be paid on the basis of original plan quantity or a lump sum quantity under the provisions of this Paragraph unless such reduction results in an aggregate monetary change per item of more than \$100, except that for earthwork items, the aggregate change must exceed \$5,000 or 5% of the original plan quantity, whichever is smaller.

7.4 CONSTRUCTION TOLERANCES

If, in the opinion of the ENGINEER, the CONTRACTOR has made a deliberate attempt to take advantage of the construction tolerances as defined in FDOT Standard Specification 120-12.1 to increase borrow excavation in fill sections or to decrease the required volume of roadway measurements and will apply reductions in pay quantities. The CITY will not use the construction tolerance, as defined in FDOT Standard Specification Section 120-12.1, as a pay tolerance. The construction tolerance is not to be construed as defining a revised authorized template.

7.5 DETAILED BREAKDOWN OF CONTRACT

Except in cases where unit prices form the basis for payment under the Contract, the CONTRACTOR shall submit a complete breakdown of the contract amount showing the value assigned to each part of the work, including an allowance for profit and overhead within ten (10) days of the execution of the Contract by the parties. Upon approval of the breakdown of the contract amount by the ENGINEER and the CITY, it shall be used as the basis for all requests for payment.

7.6 REQUEST FOR PAYMENT

The CONTRACTOR may submit to the CITY not more than once each month on the 10th of each month a request for payment for work completed. The CONTRACTOR shall furnish the ENGINEER and the CITY all reasonable facilities required for obtaining the necessary information relative to the progress and execution of the work. No payments shall be made for materials stored on site without approval of the CITY.

Progress payments shall be in accordance with the Contract and identified in Section III of the Contract.

Where unit prices are specified, the request for payment shall be based on the quantities completed.

Prior to submission of any request for payment by the CONTRACTOR, the ENGINEER shall review the request for payment to determine the following:

- A. That the work covered by the request for payment has been completed in accordance with the intent of the Plans and Specifications.
- B. That the quantities of work have been completed as stated in the request for payment, whether for a unit price contract or for payment on a lump-sum contract.

7.7 CITY'S ACTION ON A REQUEST FOR PAYMENT

- A. Within ten (10) days from the date of receipt of a request for payment the CITY shall review the request for payment and if it is incorrect, the CITY will do the following:
 - 1 Disapprove the request for payment in accordance with the General Conditions informing the CONTRACTOR in writing of the reasons for

withholding payment; OR;

- B. Within thirty (30) days from the date of receipt of a request for payment the CITY shall do one of the following:
1. Approve and pay the request for payment as submitted.
 2. Approve and pay such other amount of the request for payment, informing the CONTRACTOR in writing of the reasons for paying the amended amount.

7.8 CITY'S RIGHT TO WITHHOLD PAYMENT OF A REQUEST FOR PAYMENT

The CITY may withhold payment in whole or in part on a request for payment to the extent necessary for any of the following reasons:

- A. Work not performed but included in the request for payment.
- B. Work covered by the request for payment which is not in accordance with the Plans, Specifications and generally accepted engineering and construction practices.
- C. In the event of a filing of a claim or lien or information received by CITY of a potential filing of a claim or lien against the CONTRACTOR or CITY.
- D. Failure of the CONTRACTOR to make payments to Subcontractors, material suppliers or labor.
- E. Damage to another CONTRACTOR as defined in Paragraph 3.11 of the General Requirements.
- F. Default of any of the provisions of the Contract Documents.
- G. Defective work which has not been corrected within the time specified in the Contract Documents.

7.9 PAYMENT FOR UNCORRECTED WORK

Should the ENGINEER direct, in writing, the CONTRACTOR not to correct work that has been damaged or that was not performed in accordance with the Contract Documents, an equitable deduction from the contract amount shall be made to compensate the CITY for the uncorrected work.

7.10 PAYMENT FOR REJECTED WORK AND MATERIALS

The removal of work and materials rejected under Paragraph 4.6 of the General Requirements, the re-execution of work by the CONTRACTOR shall be at the expense of the CONTRACTOR and the CONTRACTOR shall pay the cost of replacing the destroyed or damaged work of other CONTRACTORS by the removal of the rejected work or materials and the subsequent re-execution of that work.

Removal of rejected work or materials and storage of materials by the CITY in accordance with Paragraph 4.6 of the General Requirements shall be paid for by the CONTRACTOR within thirty (30) days after written notice is given by the ENGINEER. If the CONTRACTOR does not
