**RE:** ZONING CODE TEXT AMENDMENT  
(PROJECT NO. P11-108)  
CHAPTER 158, ZONING CODE – OUTDOOR SALES AND SPECIAL  
EVENTS

**DATE:** JULY 26, 2012

---

**BACKGROUND**

This item was discussed at the July 3, 2012 Planning and Zoning Board meeting. The public hearing was not opened at that meeting as indicated in the attached minutes. Therefore the item has been placed back on the agenda so that the public hearing can be held. Additional revisions have been made to address the comments of the board.

Temporary outdoor sales and special events are regulated by Section 158.225 of the City's Zoning Code. This section of the code currently permits temporary outdoor special events such as circuses, carnivals, tent revivals, and outdoor exhibitions on property zoned open space recreation, institutional, and general commercial no more than twice a year on the same property. The code also permits temporary outdoor sales such as recreational vehicle and boat sales, temporary tent and parking lot sales, crafter/vendor sales and Christmas tree sales for various time periods in different zoning districts.

**PROPOSED AMENDMENTS**

Staff is proposing amendments to this section of the Zoning Code based on requests from property owners and suggested revisions by the City's departments to update the code. The Business Tax Division of the Building Department issues the special event and outdoor sales permits.

The proposed text amendments regarding outdoor special events are summarized as follows:

- 1) Addition of an introductory section defining temporary events that require permits.
- 2) Addition of road festivals and organized competitive events to the list of special events.
- 3) Allowing outdoor special events on property zoned Planned Unit Development and Master Planned Unit Development in addition to Open Space Recreation, Institutional and General Commercial.
- 4) Expansion of the number of outdoor special events allowed on the same property from two (2) to four (4) times per year, with the caveat that the limitation of four events may be waived by affirmative vote of the City Council.
- 5) Moving the requirement that events containing an animal show apply to the City's animal control division to a new subsection.
- 6) Addition of a requirement that all events requiring closure of public streets apply to the Police Department for a permit.
- 7) Moving the requirements for trash containers and cleaning of sites to a new subsection.
- 8) Addition of a new subsection addressing the grounds for denial of an application for a permit.

The proposed text amendments regarding temporary outdoor sales are summarized as follows:

- 1) Addition of Planned Unit Development and Master Planned Unit Development zoning districts as areas permitted for outdoor sales.
- 2) Addition of a new subsection allowing farmer's market annual permits similar to the existing crafter/vendor annual permit. Farmer's markets are proposed to be limited to twenty-four (24) two-day sales events per calendar year.
- 3) Addition of a new subsection stating that requests for exemptions from any fees must be made in writing to the City Manager's office to be placed on a City Council agenda.

The Planning and Zoning Department staff recommends approval of the proposed text amendments to the Zoning Code.

**B. P11-108 CITY OF PORT ST. LUCIE - CHAPTER 158 ZONING CODE - OUTDOOR SALES AND SPECIAL EVENTS, ZONING TEXT AMENDMENT**

Ms. Cox said, "This is a City-initiated Zoning Text Amendment to Section 158.225 of the City's Zoning Code regarding outdoor sales and special events. This amendment arose from requests from property owners, and suggested revisions were made by City departments. Road festivals and organized competitive events are proposed to be added to the list of special events that would be allowed. Currently, special events are allowed in the Open Space Recreation, Institutional, and General Commercial Zoning Districts. This amendment proposes to allow them in PUD's and the Master PUD's, which are the developments in the NCD area. It is also proposing to expand the number of outdoor special events that are allowed on the same property from two to four times per year. If an applicant wanted to have one more than four times per year, they would have to ask the City Council for approval. It also is requiring that if an event requires a closure of a public street, they would have to apply to the Police Department for a permit. It is adding a new subsection, which would state the grounds for denial for an application. It moves a couple of other items to another location where they make more sense. There are also proposed text amendments regarding the temporary outdoor sales that are allowed by the Code. They are also being proposed to be expanded to be allowed in the PUD and MPUD areas. It is adding a new subsection, which would allow farmers' markets. They would be able to get annual permits similar to what the craft or vendors are already getting. They would be limited to 24 two-day sales events per calendar year. The last proposed revision is to add a subsection, which states that if anyone is requesting a waiver of fees, they would have to put it in writing to the City Manager's office to be placed on the City Council agenda. The Planning and Zoning Department staff recommends approval of the proposed text amendments as presented."

Ms. Parks said, "On Page 4, Item 7, there is some striking out of some verbiage in regards to liability insurance that would be required at the event location. The new one states, 'The City reserves the right to request that the identification and insurance to protect the City shall be provided in the event of using public property.' I think it should be stronger. They

should, because there are a lot of people looking for deep pockets that I do not want impacted on the City. I know that our Legal Department does a fantastic job of sifting through that, but as a citizen of the community, I would be remiss if I didn't bring that to your attention. It had originally been \$1 million in bodily insurance for injury and property damages required." Ms. Cox explained, "The proposed language did come from our Risk Management Department, and it has been the practice to always get that insurance." Ms. Parks pointed out, "It says, 'shall provide' and doesn't say that they have to." The Senior Assistant City Attorney advised, "That is what the word 'shall' refers to. Other times we use the word 'may,' which gives them the option. When we use the word 'shall,' it is mandatory that we receive it. The stricter language that was in here previously on the indemnification amount was changed because some of the smaller groups couldn't meet the requirements, as it is extremely expensive." Ms. Cox remarked, "It is to allow flexibility." Ms. Parks said, "On Page 6, Item 3 has to do with non-profit organizations. Does that include religious groups and fraternal organizations, or biking and running events?" The Senior Assistant City Attorney responded, "If they have the 501(c)(3) status, then yes. It doesn't matter what type of entity as long as they have that legal status from the Internal Revenue Service, they would be considered under Paragraph 3." Ms. Parks asked, "Would it not be a good idea to put that 501(c)(3) language in there, so it is very clearly defined, or perhaps there is some leeway with that." The Senior Assistant City Attorney advised, "The non-profit would cover that, but it wouldn't change anything if we put 501(c)(3) in here, as that is the IRS's definition of a not for profit status." Ms. Parks questioned, "Where do bicycle and running events come into play in this framework?" Ms. Cox answered, "Under the Organized Competitive Events as a special event." Ms. Parks commented, "Thank you."

Mr. Garrett **moved** to recommend approval of P11-108, City of Port St. Lucie, Chapter 158 Zoning Code, Outdoor Sales and Special Events, Zoning Text Amendment. Mr. Battle **seconded** the motion, which **passed unanimously** by roll call vote.

(**Clerk's Note:** The public hearing was not opened; therefore, the item will come back to the next Board meeting).
