Port St. Lucie, FL 34984

RE: St. Lucie Inlet Advisory Committee

Dear Mr. Bentrott,

The Martin County Board of County Commissioners (BOCC) is creating the St. Lucie Inlet Advisory Committee whose objective is to review management and funding strategies for the St. Lucie Inlet and to make recommendations to the BOCC. This committee will operate under the Sunshine Law and Martin County Engineering staff will facilitate the work of the committee. It is anticipated that this committee will meet four to six times per year beginning in December 2011 or January 2012. A sunset date (disbanding of the committee) has not been established but it is expected to terminate when its recommendations are complete.

The Board has suggested the following entities be represented on the committee: BOCC, Town of Jupiter Island, Town of Sewall's Point, St Lucie County, City of Port St. Lucie, Hutchinson Island Group, Sailfish Point POA, Marine Industries, Florida Oceanographic Society, Florida Inland Navigation District, Florida Department of Environmental Protection, Hobe Sound National Wildlife Refuge and US Army Corps (ex officio).

Martin County's representative is Commissioner Patrick Hayes. The representative from your entity may be an elected or non-elected person of your choice. Please advise if your organization will appoint a member to the committee, and if so please submit the name of your representative and an alternate and their contact information.

Responses and questions can be directed to Kathy FitzPatrick, Martin County Coastal Engineer, at 772-288-5429 or by email at [kfitzpat@martin.fl.us](mailto:kfitzpat@martin.fl.us).

Sincerely,

Taryn Kryzda  
County Administrator
