## MEMORANDUM

To: City Council  
From: Jerry Bentrutt, City Manager  
Date: February 7, 2012  
Re: Waive Bidding, Good cause shown.

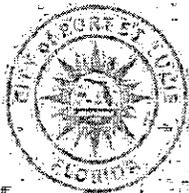

---

Pursuant to Section 35.04(c), for good cause shown, recommend that the Council waive the bidding and approve the purchase of traffic video equipment from Iteris for \$94,750.00.

Florida Department of Transportation (FDOT) requires using the Vantage family of video detection products and Iteris is the only authorized seller, serve and repair provider. These items are essential in proper system communication between FDOT and the City for the FDOT owned and City maintained intersections.

Therefore, it is recommended that the City council in accordance with Section 35.04(c) for good cause shown waive the bidding process and approve the purchase of the traffic video equipment from Iteris for \$94,750.00

From: Paul Johnson - Manager, Traffic Operations *[Signature]*

Date: February 6, 2012

Re: Traffic Video Equipment  
Iteris

The Engineering Department requests permission to waive the bidding process and directly purchase video traffic monitoring equipment from Iteris. These items are essential in proper system communication between the Florida Department of Transportation (FDOT) owned, city maintained intersections to the current City of Port St Lucie Traffic Operations Monitoring System. Iteris is the only authorized seller, service and repair provider for the Vantage family of video detection products for the FDOT. These items were placed on Demandstar. The funding for this equipment is provided through an FDOT Joint Participation Agreement. Attached is the FDOT's authorization to purchase and upgrade the state intersections utilizing the funds indicated in the agreement. The proposed video equipment will enhance the current system in place allowing it to be more reliable and run more efficiently.

We herein request authorization by the City Council to waive the bidding and request approval to purchase video monitoring equipment from Iteris for a total cost of \$94,750.00. All costs associated with this purchase will be funded through the Engineering Traffic Signal Enhancement Program funded by FDOT in the Capital Improvement Budget. (304-4121-564500-00000). Please schedule this request for presentation at the February 13, 2012 City Council meeting. Please see the attached supporting documentation.

If you have any questions or require additional information, please do not hesitate to contact me.
