

RESOLUTION NO. 12-R64

A RESOLUTION APPROVING AND ACCEPTING FLORIDIAN VILLAGE PLAT NO. 2 WITHIN THE CITY OF PORT ST. LUCIE, FLORIDA, ON THE REQUEST OF FLORIDIAN NATIONAL GOLF RESORT CLUB, LLC; OF FLORIDA; AUTHORIZING THE MAYOR AND CITY CLERK TO COUNTERSIGN SAID PLAT; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Port St. Lucie, Florida has been requested by Floridian National Golf Resort Club, LLC, to approve and accept the final plat titled Floridian Village Plat No. 2, within the City of Port St. Lucie, Florida; and

WHEREAS, there are no private improvements, i.e. roads, drainage, and utility facilities, to be constructed within the platted area; and

WHEREAS, the plat conforms to Section 156, Port St. Lucie City Code, and meets all State requirements for such plats; and

WHEREAS, the Site Plan Review Committee, on March 14, 2012, recommended approval of the final plat (P12-021); and

WHEREAS, the Planning and Zoning Board, on April 3, 2012, made a recommendation on the final plat (P12-021); and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Port St. Lucie as follows:

Section 1. That the City Council hereby approves final plat titled Floridian Village Plat No. 2, P12-021, within the City of Port St. Lucie, Florida, said plat being offered by Floridian National Golf Resort Club, LLC as owners and title holders of said property and as prepared by Michael L. Kolodziejczyk, PLS as designated on the attached plat.

RESOLUTION NO. 12-R64

Section 2. That the Mayor and City Clerk of the City of Port St. Lucie, Florida, are hereby authorized to countersign the said plat so it may be properly recorded in the public records of St. Lucie County, Florida.

Section 3. This Resolution shall take effect immediately upon its adoption.

PASSED AND APPROVED by the City Council of the City of Port St. Lucie, Florida, this 11th day of June, 2012.

RE: FINAL SUBDIVISION PLAT APPLICATION
PROJECT NO. P12-021
FLORIDIAN VILLAGE PLAT NO. 2

DATE: MARCH 22, 2012

APPLICANT: Michael L. Kolodziejczyk, PLS and Culpepper and Terpening, Inc.

OWNER: Floridian National Golf Club, LLC c/o Giles Kibbe, President.

LOCATION: The property is located on the east side of Gilson Rd., south of Harbor Ridge, north of Martin County.

LEGAL DESCRIPTION: All of Tracts A and B and Lots 1 through 6, according to the Plat of Floridian Village No. 1.

SIZE: 191.013 acres, with approximately 2,250 feet of frontage along Gilson Rd.

EXISTING ZONING: PUD (The Veranda Planned Unit Development)

EXISTING USE: A marina, heliport, the Floridian Golf Course, and clubhouse and four golf cottages.

SURROUNDING USES: North = St. Lucie County AR-1 (Agricultural/Residential) zoning. East = St. Lucie River, and Martin County R-1A (Single Family Residential) zoning, part of the Floridian Golf Club. South = Martin County R-1A zoning, part of the Floridian Golf Club. West = City of Port St. Lucie PUD (The Veranda) zoning, and St. Lucie County PUD (Harbor Ridge Golf Club) zoning.

PROPOSED PROJECT: Through this subdivision application, the Floridian is creating 14 additional lots (for a total of 20 residential lots). Marina Place has already been extended to provide access for these lots.

The applicant has indicated that all site improvements have been completed (which is why there are no construction plans attached to this plat application). Verification of these improvements needs to be confirmed by the City's Engineering Department prior to this application being reviewed by City Council. If the Engineering Department finds that all improvements have not been completed, construction plans will need to be attached to this application, along with a bond approved by the City's Engineering Department and City's Legal Department.

IMPACTS AND FINDINGS:

The project has been reviewed for compliance with Chapter 160.01, City Code, regarding provision of adequate public facilities and documented as follows:

Sewer/Water Service: The property will eventually be served by the City of Port St. Lucie Utility Systems Department; currently it is being serviced by Martin County Utilities. A developer's agreement with the City Utilities Department, that is consistent with the adopted level of service, is required prior to switching to Port St. Lucie Utilities.

Transportation: The staff review indicates that this project will generate an additional 171 daily vehicle trips (ITE, Land Use Code 270) on the roads adjacent to the project (Gilson Rd.). Trip projections were calculated using the Institute of Transportation Engineers (ITE) "Trip Generation Manual, 8th Edition".

This project should not have an adverse affect on transportation level of service for the adjacent roadway, Gilson Rd. St. Lucie TPO (Transportation Planning Organization) has rated the Level of Service for Gilson Rd. (north of the Martin County Line) as "D" (Spring 2008 Traffic Count Analysis).

Parks/Open Space: The developer's agreement for the Veranda PUD requires 20 acres of net usable area for public parks. The PUD concept plan does identify the approximate location of the park site which can be found west of Gilson Rd., south of Becker Rd. Final location is identified on the Veranda Concept Plan and will be determined when that area is subdivided.

Storm Water: A paving and drainage plan that is in compliance with the adopted level of service standard is included.

Solid Waste: Solid waste impacts are measured and planned based on population projections on an annual basis. There is adequate capacity available.

Fire District: The access location (external and internal) has been approved by the Fire District for safety purposes.

Art in Public Places: This project needs to comply with all City public art requirements. Prior to being placed on a City Council agenda, this project will need to be reviewed and receive approval by the Port St. Lucie Public Art Advisory Board.

Environmental: The Veranda PUD property consists largely of intact upland and wetland habitat areas, although there are some areas of disturbance from previous land clearing, excavation, and off-road activity. Despite the intensity of development being proposed, over 50% of the site will be open space, in accordance with the City's residential development regulations. The project includes 608 acres of wetlands, uplands, storm water treatment lakes/ponds, and mitigation areas. The developer's agreement states that preserving 120 acres of uplands and 150 acres of wetlands will satisfy all habitat preservation requirements under Chapter 157 of the City's Land Development Regulations.

Public School Concurrency Analysis: St. Lucie County School Board has indicated that there is plenty of capacity in this area, and has found the project to meet the requirements for concurrency.

Other: The primary vehicular access for the Floridian will be provided off Gilson Rd. A secondary access point will be provided on Murphy Rd. in Martin County. Both these access points are gated.

The applicant has indicated that all site improvements have been completed (which is why there are no construction plans attached to this plat application). Verification of these improvements needs to be confirmed by the City's Engineering Department prior to this application being reviewed by City Council. If the Engineering Department finds that all improvements have not been completed, construction plans will need to be attached to this application, along with a bond approved by the City's Engineering Department and City's Legal Department.

STAFF RECOMMENDATION:

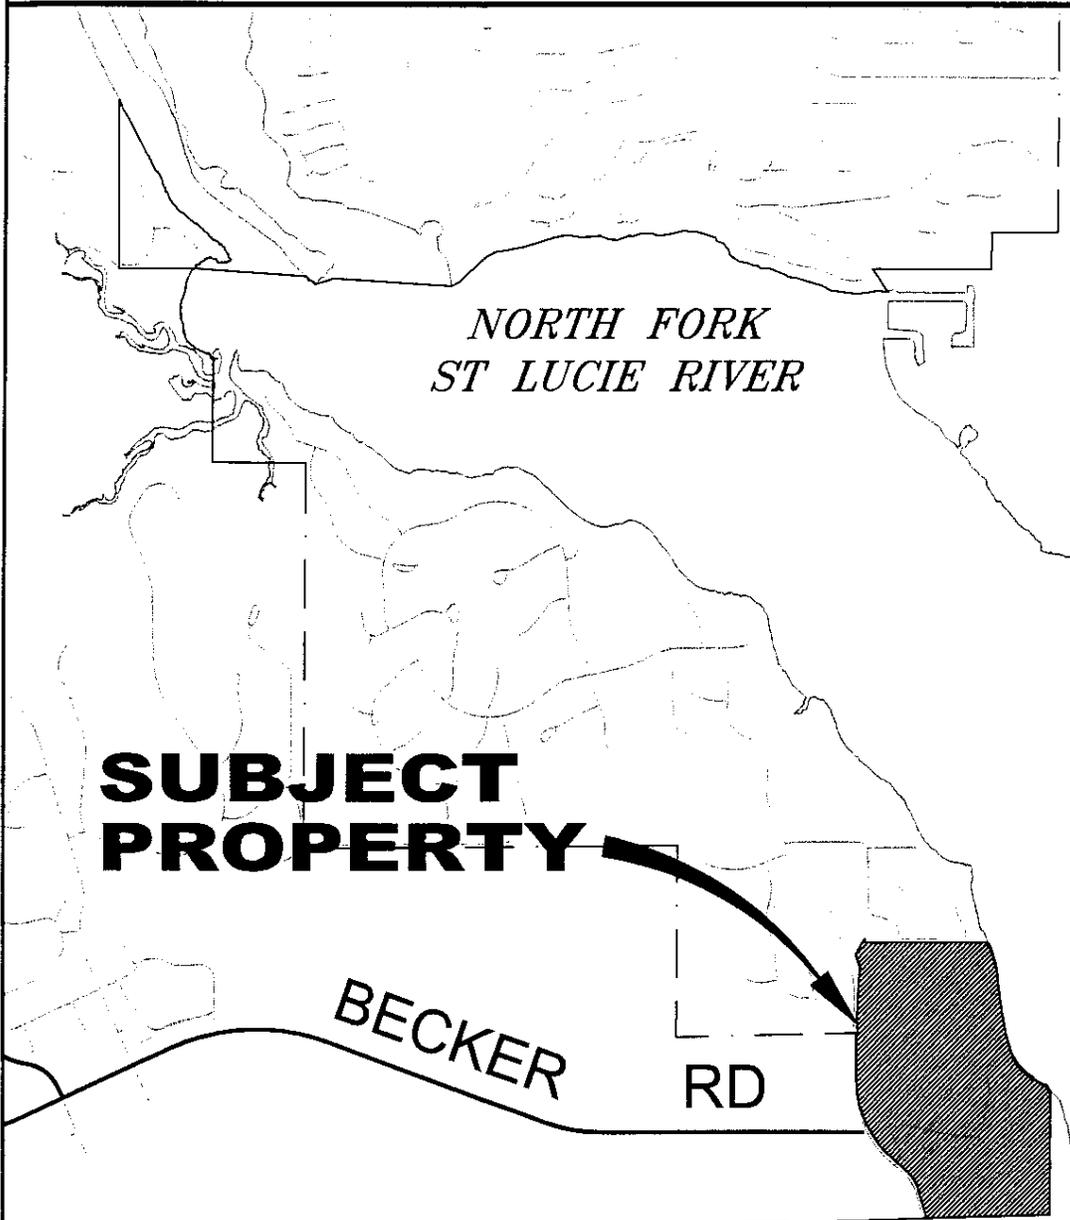

The Planning and Zoning Department staff finds the request to be consistent with the direction and intent of the approved zoning, policies of the City's Comprehensive Plan, City Subdivision Code: The Site Plan Review Committee reviewed the request on March 14, 2012 and recommended approval.

Planning and Zoning Board Action Options:

- Motion to recommend approval to the City Council
- Motion to recommend approval to the City Council with conditions
- Motion to recommend denial to the City Council

Should the Board need further clarification or information from either the applicant and/or staff, it may exercise the right to *table* or *continue* the hearing to a future meeting.

Re: Floridian Village Plat No. 2 (P11-036)
Completion of Plat Infrastructure Improvements

The Engineering Department records indicate the roadway and drainage infrastructure is substantially complete for the Floridian Village Plat No. 2. The Engineer of Record has provided a Letter of Certification dated May 11, 2012 indicating the paving and drainage improvements have been completed in compliance with City standards and was constructed in accordance with the approved construction plans. Additionally, the South Florida Water Management District (SFWMD) has provided an acceptance letter for the Construction Completion Certification for the project dated June 1, 2012. Construction of the roadway and drainage infrastructure is complete and no bond is being held for this project.

Please note the water and sewage facilities on the plat are serviced through Martin County Utilities.

If you have any questions or require additional information, please do not hesitate to contact me.

Dear Mr. Kibbe :

**Subject : Acceptance of Construction Completion Certification
Initiate Permit Transfer & Conversion to Operation Phase
FLORIDIAN VILLAGE PLAT NO. 2
Permit No. 43-00771-S, Application No. 110420-4
St Lucie County, S36/T37S/R40E**

This letter is to acknowledge receipt of your consulting engineer's construction completion certification pertaining to the subject parcel's surface water management system. The submitted information has been accepted and incorporated into the permit file.

By accepting the engineer's certification, the District staff considers the surface water management system permitted under the above listed application number(s) to be constructed in substantial conformance with the plans and specifications approved by the District. This satisfies your permit's conditions regarding submittal of an engineer's certification for construction completion of the permitted drainage facilities.

Although the certification has been accepted, further action by you, as permittee, is required. In accordance with Rule 40E-1 and 40E-4, Florida Administrative Code (FAC) - upon construction completion and acceptance of the engineer's certification of the surface water management system, the permittee shall initiate the permit transfer to the responsible operating entity and the permit conversion to the operation phase.

Please submit compliance and related forms electronically at www.sfwmd.gov/ePermitting. Log in or create a new account, and select the eCompliance - Environmental Resource module. Help documents and links to required compliance forms are available for download within the eCompliance module or by visiting the District's homepage at www.sfwmd.gov and searching for the required form number using the "Library & Multimedia" link.

The permit conversion / transfer Form #0920 should be completed by an officer of the association (operating entity) and submitted (if not previously furnished), along with a copy each of:

1. the ownership transfer or turnover document, i.e. warranty deed, turnover meeting minutes, etc.
2. the recorded declaration of covenants and restrictions or condominium, with amendments and associated exhibits

FLORIDIAN NATIONAL GOLF CLUB L L C

June 1, 2012

Page 2

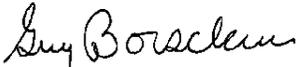

3. the filed articles of incorporation with certificate of incorporation
4. all recorded plats
5. the recorded public noticing of the SFWMD permit, if the permit is not attached as an exhibit to the declaration of covenants and restrictions or condominium
6. documentary evidence of satisfaction of permit conditions (other than long term monitoring)

Also available is an affidavit which attests that the items required by the Basis of Review are contained in the documents. If you do not choose to execute the affidavit, you may enter the requisite information in the boxes and return to us in lieu of a checklist. Submitting this completed affidavit or checklist will expedite the legal / institutional review of your request for permit conversion / transfer to the operational phase. In addition, as required by rule 40E-4.361, F.A.C., the permit file must contain documentation that applicable conditions to the permit have been satisfied.

Please be aware that rules 40E-1.6107 and 40E-4.351, F.A.C. also specify "Until transfer is approved by the District, the permittee shall be liable for compliance with the permit. The permittee transferring the permit shall remain liable for any corrective actions that are required as a result of any violations of the permit which occurred prior to the transfer of the permit." As a consequence of noncompliance with these mandates you could be held responsible for adverse impacts to, or conditions of, the surface water management system. Please submit the above or notify District staff of your intentions within thirty (30) days of the date of this letter.

Should you have any questions, please contact Jennifer Krumlauf, Regulatory Specialist 2 at the West Palm Beach office at (561) 682-2712.
